PART I.

Proceedings of the Government of His Highness the Maharaja of Mysore,

READ —

(1) The summary of discussion relating to Subject No. 91 of the Proceedings of the Representative Assembly of 1910, regarding the supervision of Marahmat works executed by Revenue Agency and the reply of Government thereto.

(2) Letter No. 12976, dated the 1st July 1911, from the Revenue Commissioner in Mysore, stating that the subject of the revision of the Marahmat establishment employed in connection with the Minor Tanks Restoration Scheme, was discussed by the Revenue Commissioner and the Deputy Commissioners of Districts at two Conferences held at Mysore on the 13th June 1908, and the 22nd June 1910, respectively, and that the resolution passed at the second Conference was forwarded to the Chief Engineer of Mysore for an expression of his views in the matter.

(3) Memo No. 6095, dated the 25th July 1912, from the Chief Engineer of Mysore, forwarding copy of his letter to the Revenue Commissioner in Mysore, furnishing his views on the several proposals formulated by the Revenue Commissioner in consultation with the Deputy Commissioners of Districts.

Letter No. 6094, dated 25th July 1912, from M. Visvesvaraya, Esq., M.I.C.E., C.I.E., Chief Engineer of Mysore, to K. S. Doraswami Iyer, Esq., Revenue Commissioner in Mysore.

I have the honour to reply to your letter No. 1070, dated the 22nd July 1910, on the subject of the revision and confirmation of the Marahmat establishment employed in the districts in connection with the Minor Tanks Restoration Scheme.

2. The Marahmat establishment consists of three classes of officials as under :—

(1) One Overseer or Sub-Overseer working directly under the Deputy Commissioner for supervising the operations.

(2) One Tank Inspector attached to each taluk working under the Amildar

(3) Clerical establishment employed in the District Office.

The grant at present sanctioned for the Minor Tanks Restoration Scheme is one lakh of rupees, and about Rs. 36,000 is spent on the existing establishment

3. The proposals now put forward contemplate the following changes —

(1) A Sub-Assistant Engineer or an Upper Subordinate to replace the Upper or Lower Subordinate at present employed in each district.

It would of course be a decided improvement if this were done.

(2) To replace the Tank Inspectors by Sub-Overseers.

It is not clear from your letter whether a Sub-Overseer is required for each taluk or whether a few Sub-Overseers in addition to Tank Inspectors are asked for, for each district.

The proposal to attach a Sub-Overseer to each taluk will be found to be very expensive, but there is no reason why one Sub-Overseer may not be placed in charge of two or three taluks so that the work may be carried on with the aid of the present staff of Tank Inspectors. The latter may, if need be, be gradually replaced by technically trained men on higher salaries. But I do not think it necessary that every tank work, large or small should be supervised by a Sub-Overseer.

(3) *Clerical Staff.*—I agree that only men qualified by passing the Accounts Test should be appointed to the staff But there is no possibility of confirming the clerks unless the Minor Tanks Restoration Scheme as a whole is made a permanent organisation.

4. As regards the proposal that the Marahmat executive staff be entrusted with the supervision and the execution of all works undertaken by the Revenue Department, I consider that the large number of minor tanks still remaining to be dealt with will keep the staff sufficiently employed. If Local Fund works are also entrusted to the Sub-Assistant Engineer or the Overseer, the Tank Restoration Scheme will suffer

5. I am of opinion that it is important to attach a Draftsman to each District Office for preparing sketches and estimates of tank works to be carried out.

6. The total cost of the new scheme, as outlined above, will be roughly Rs. 60,000 per annum. If it is intended to spend this amount on the establishment, the grant for the restoration of the minor tanks should be raised to at least Rs. 2 lakhs. Unless Government agree to provide Rs. 2 lakhs per annum and also to sanction the increased staff proposed, it may not be worth your while to go into the preparation of a regular proposition statement and to mature a comprehensive scheme of operations for each district.

There are said to be 25,000 minor tanks (both large and small) in the Province, of which so far only a small number seem to have been restored. The total revenue derived from these works seems to amount to as much as Rs. 14 lakhs per annum. An annual

Land Revenue, dated 14th November 1912.

outlay of Rs. 2 lakhs on such works is not too large if efficient supervision could be secured and the amount spent properly. With increased attention, the cultivation and revenue will also improve.

Memo No. 6095, dated 25th July 1912, from the Chief Engineer of Mysore.

Copy of the foregoing is forwarded, with compliments, to the Secretary to Government, General and Revenue Departments, for information, with reference to correspondence ending with his No. 7171, dated the 23rd May 1912.

---

(4) Letter No. 2016, dated the 21st August 1912, from the Revenue Commissioner in Mysore, forwarding for consideration and orders copy of the Chief Engineer's letter referred to above.

Adverting to correspondence ending with this office letter No. 12976, dated 1st July 1911, regarding the question of appointing a better class of officers for supervising works executed by Revenue Agency, I have the honour to forward herewith for the consideration and orders of Government copy of letter No. 6094, dated 25th July 1912, from the Chief Engineer of Mysore expressing his opinion on the proposal to appoint a Sub-Assistant Engineer or Overseer for each district and to replace the Tank Inspectors attached to taluks by Sub-Overseers. He considers that the proposal with the modifications suggested by him as regards Sub-Overseers and Tank Inspectors will decidedly bring about an improvement and states that a large number of minor tanks have yet to be dealt with. As, for want of a proper professional staff, the Minor Tanks Restoration Scheme has not been making a satisfactory progress, the grant of an additional lakh of rupees—which the Chief Engineer considers to be very necessary if the scheme should be worked with a better staff and on improved lines—may be sanctioned by Government.

No. R. 2617-8—L. R. 413-10-6, dated Bangalore, 14th November 1912.

Order thereon.—Government approve generally of the Revenue Commissioner's proposals, as modified by the Chief Engineer, which are well considered and calculated to greatly improve the working of the Marahmat establishment of the districts, both as regards office work and execution of tank and other works. Government recognise the necessity for greater expansion of the programme for the restoration of minor tanks and for the improvement of the establishment employed thereon. They are accordingly pleased to direct that, as a tentative measure, the annual allotment for the restoration of minor tanks be raised to rupees two lakhs during the next three years. If funds permit, they can be raised even to 2½ or 3 lakhs per annum.

2. The Revenue Commissioner is requested to submit at a very early date in consultation with the Deputy Commissioners and the Chief Engineer, detailed proposals for the establishment required for each district with an estimate of the cost.

READ THE FOLLOWING—

1. Summary of discussion in Subject No. 112 of the Proceedings of the Representative Assembly of 1911-12, regarding the sub-division of occupied lands and the reply of Government thereto.

SUBJECT NO: 112
(a) Sub division of occupied lands, Messrs. Subrayappa, Turuvekere sub-Taluk, Veerasettappa and Singri Nanjappa, Tumkur District Board.

Summary of discussion— (*a*) The sub-division of survey numbers may be permitted at any time in order to mitigate petty civil disputes among the landowners. As the cost is borne by the parties concerned, the interest of the Government is in no way affected. There are certain holdings which are recorded in the Revenue Accounts as single ones but which are really owned by several hissedars. No useful purpose is served by this arrangement except that pattadars are made primarily responsible for the Government revenue. By permitting sub-division of lands on applications from parties, the responsibility of paying revenue to Government is fixed on the persons who actually own the land and are the real defaulters.

Mr. D. S. Hanumantha Rao.—Under the system introduced by Mr. Chentsal Rao, this sub-division was permitted and no inconvenience resulted from it. Even now there are recognized shares of survey numbers. If a katedar makes default, all the lands in his patta, even though they may consist of entire survey numbers on which kandayam may have been paid by others, are forfeited and sold. If it is only unlimited sub-division that is objected to, at least shares that are not below the prescribed minimum may be allowed to be sub-divided. The present minima are too high and they may be reduced (10 guntas wet and 2 acres dry). Getting the names registered in the Special Notice Register will not secure persons with partial interest from paying the kandayam on the defaulter's entire holding.

(*b*) Patels and shanbhogs may be directed to record in the *pahani* account, when they do the *pahani* work, the names of all *shikmidars* and *anubhavadars* of a survey number and also obtain therein the signatures of all of these as well as the khatedar.

(b) Signature of khatedar to the *pahani* account.
Mr. Srinivasa Rao, Chiknayakanhalli Taluk.

Reply of Government.—Will be considered.

2. Summary of discussion in Subject No. 146 of the same year *in re* the revival of the joint patta system and the reply of Government thereto.

SUBJECT NO: 146
The joint patta.
(1) Messrs. Gundappa, Nagamangala Taluk; K. Krishnachar, Seringapatam Taluk; M. Subba Rao, Heggaddevankote Taluk; Lingannah, Mandya Taluk; Krishnasastri, Somasetti, Yalakki Gowda, Krishnarajpete Taluk; Sankarappa, Malvalli Municipality; Sankarappa, Anekal Municipality; Nadig Bhaskara Rao, Sorab Taluk

Summary of discussion.—(1) Under the rules now in force, joint pattas are prohibited. When one of the joint pattadars dies, the name of the deceased is eliminated from the khate and that of the survivors retained. This leads to deception being practised on the heirs of the deceased pattadar, who are forced to resort to Civil Courts to establish their rights. The above practice is a source of great loss and involves much personal inconvenience to the heirs of the deceased pattadar. It is therefore requested that the old joint patta system may be allowed to continue.

(2) The transfer of patta from a joint khatedar to another is not permitted for the reason that there will be an increase in joint khatedars. But when the joint khatedar is willing to transfer his khate to the name of another, then there is no such increase as is now stated. Pray, therefore, that such transfers of khate be allowed.

(2) Messrs. Venkataramaiya, Manjarabad taluk, and B. Alasingra Char and Payanna, Hassan Municipality

Reply of Government.—The question of providing some recognition of sub-shares in a survey number has been promised to be considered and if this is done it will meet the representation.

No. R. 2619-28—L. R. 270-12-1, DATED BANGALORE, 14TH NOVEMBER 1912.

ORDER THEREON.—After a careful consideration of the subject, Government are of opinion that the objections to the unlimited sub-division of survey numbers and to the disturbing of the integrity of survey numbers, except during resurvey or under very exceptional circumstances at other times, as provided for in Rules 72 and 73 of the Land Revenue Rules, are not applicable to the treatment of shares in survey numbers, which are not less in extent than the minimum prescribed for survey numbers under Section 109 of the Land Revenue Code, as recognized shares of survey numbers, subject to the limitations imposed by Section 110, when all the parties interested, including the registered occupant, agree to it or when the shares have been declared in a decree of Civil Court.

Land Revenue, dated 14th November 1912.

2. Government are accordingly pleased to lay down the following rule to be read as Rule 73 A of the Land Revenue Rules:—

"Co-occupants or Co-sharers, each of whose shares in a survey number is not less in extent than the minimum prescribed under Section 109, may, at any time, present a written application to the Deputy Commissioner to have each such share treated as a recognized share of a survey number subject to the conditions laid down in Section 110; and the Deputy Commissioner shall, if there is no dispute regarding the extent of, or right to, such share, or where the right to such share has been established by amicable settlement with the registered occupant, or by a decree of Civil Court, proceed to have the share constituted into a 'recognized share of a survey number' in accordance with standing orders in this behalf. The recognized shares thus formed shall not be demarcated by bandhs and stones, but the taluk authorities will have each share measured and its proportionate assessment fixed in the same manner as is done at the time of Phut Pahani and original settlement. A Tippani book will be maintained showing the measurements and the position of the sub-divisions so formed. These recognized shares will be made into separate survey numbers during the re-survey under Rule 72."

Proceedings of the Government of His Highness the Maharaja of Mysore.

READ AGAIN—

Government Order No. 22919-20—R. 3327, dated the 11th June 1895, directing that steps be taken for the recovery of acreage contribution and water-rate from the inamdars or their raiyats in respect of the inam lands benefited by the extension of the Madhavamantri (or Holesal) channel in the Malvalli Taluk.

READ—

Petition dated the 2nd February 1898, from the mother and guardian of the then minor Jahgirdar of Sivasamudram, representing that the Jahgirdar was liable to pay to Government only a proportionate share of the cost of extending the channel into the Jahgir village of Belakavadi and not any additional acreage contribution and water-rate, as the channel was not a new source of irrigation created by Government for the wet lands of the village, and the old channel, which had fallen into disuse, was merely restored.

ALSO—

Correspondence ending with letter No. 5982, dated the 13th December 1909, from the Revenue Commissioner in Mysore, submitting a report with his opinion, with reference to the Jahgirdar's further representation in the matter.

No. R. 2635-8—L. R. 236-97-21, DATED BANGALORE, 15TH NOVEMBER 1912.

ORDER THEREON.—The Holesal channel drawn from the Madhavamantri anikat was improved and extended to the Belakavadi village belonging to the Jahgirdar of Sivasamudram, in the year 1898-99. Before the channel was opened, the extent of wet lands in the village was 152 acres and 31 guntas according to the Quit-rent Register; and these depended for their water-supply on the Belakavadi tank. The channel has been led into the Belakavadi tank and a permanent supply has thus been assured to it. By the extension of the channel, the water-supply to these lands has not only been considerably improved, but a large area of dry lands has been converted into wet. It is calculated that the total extent of dry lands so converted into wet is 232 acres and 20 guntas; and of these, 184 acres and 23 guntas are irrigated directly by the channel, and the remainder 47 acres and 37 guntas, from the tank which is fed by the channel. Under the rules in force, when Government construct any work of irrigation from which lands in an inam village can be supplied with water, the inamdar is bound to pay an acreage contribution on the total area of dry lands converted into wet together with a water-rate, which is fixed at Rs. 4 per acre under Rule 33 of the Land Revenue Rules, when the irrigation is supplied wholly at Government expense from a Government irrigation channel drawn from a river; and the same principles regarding the payment of contribution and water-rate are held to be applicable to wet lands when they are either provided with a new source of water-supply or the original source itself has been improved by the new work of irrigation.

2. The Jahgirdar of Sivasamudram will, therefore, be liable to pay contribution and water-rate not only on the area newly converted into wet but also on the area of wet lands, whose water-supply has ceased to be precarious by the extension of the channel.

3. The Jahgirdar, however, contends that he is liable only to pay the proportionate cost for extending the channel into his village and not any further contribution or water-rate, as the channel that was constructed is not a new one but a previously existing channel which had fallen through neglect into disuse, and from which the lands in the inam village originally depended for their water-supply, restored.

4. At the time the extension of the channel was undertaken by Government, the present Jahgirdar was a minor; and the Jahgir villages including Belakavadi were being managed by his own mother and guardian. The Jahgir agent, who was consulted in the matter before the work was sanctioned, stated that, if it was considered advantageous to the Jahgirdar to extend the channel in the Belakavadi village, the work might be carried out. The raiyats of the village also pressed for the extension of the channel and executed mutchalikas agreeing to pay acreage

contribution at the rate of fifteen rupees per acre and water-rate in respect of the lands likely to be benefited thereby. The project which was of benefit also to four other villages was thereupon sanctioned.

5. When contribution and water-rate were demanded, however, the Jahgirdar's mother objected; and as she relied on the existence of a previous channel, the matter was locally investigated, and as no such channel could be found, the Government entered into correspondence with the Court of Wards, Madras, in 1904, as the Jahgirdar was then under their care. They were also of opinion that the Jahgirdar's claim was untenable, and as the Jahgirdar had attained his majority and assumed the management of the Jahgir villages before certain details could be settled, another opportunity was given to him in 1906 to urge his objections. After considerable delay the Jahgirdar in his representation to the Deputy Commissioner has merely reiterated the arguments that were already urged on his behalf, and produced a copy of the sannad and certain old accounts and other papers in support of his contention that the channel that was opened was an old channel, which was in existence when the village was granted as Sarva Inam in 1829. In the letter read above, the Revenue Commissioner has subjected these documents to detailed criticism and Government agree with him in the inference that beyond a mere presumption that there may have been some channel in the locality at some remote time there is nothing in the record to show that any such channel existed when the village was granted as inam, and that the lands in the village had at that time or subsequently thereto any other source besides the Belakavadi tank for their irrigation before the new channel was opened. The claim of the Jahgirdar for exemption from payment of acreage contribution and water-rate cannot therefore be sustained. As considerable additional value has been imparted to the entire inam village by the extension, the Jahgirdar has not only been directly benefited but he can also reimburse himself for any extra payment he is called upon to make, under Section 86, clause (*c*) of the Land Revenue Code.

6. As to the correct extent of wet cultivation in the village prior to the opening of the channel, it has been clearly pointed out by the Revenue Commissioner that in mentioning 77¼ kandagams as the extent of wet cultivation at the time of the grant of the inam, the Jahgirdar has mistaken a kandagam for a kani and that in no year up to the date of the Survey Settlement (1892-93) the wet extent was more than 49 kandis, the extent recorded in 1829 being 45¼ kandis or 77¼ kanis equal to 102½ acres. The extent classified and recorded as wet by the Survey Department prior to the opening of the channel, *viz.*, 152 acres, and 31 guntas, will be adopted for the purpose of calculating the contribution and water-rate.

7. There is no difficulty as to the acreage contribution and water-rate to be levied in respect of lands newly converted into wet by the extension of the channel. The rate of contribution agreed to be paid by the raiyats is Rs. 15 per acre. This was fixed specially at a low rate when the work was undertaken. The water-rate is Rs. 4 per acre under the rules. The Deputy Commissioner's recommendation to recover water-rate and acreage contribution at these rates on lands newly supplied with water is sanctioned. In the case of lands already classed as wet, Government in consideration of the fact, that these lands have not been supplied with an entirely new source of irrigation but have their original source freed from all risk of failure in any year by the tank not filling, are pleased to accept the recommendation of the Revenue Commissioner and the Deputy Commissioner to reduce the acreage contribution to Rs. 7-8-0 per acre. As regards the water-rate to be levied on these lands, Government observe that Rule 33 makes no distinction between lands newly irrigated and those which have merely additional means of irrigation provided for them. As, however, it would be inequitable to demand the same water-rate in both cases Government consider that in the latter it should be fixed proportionately, solely with reference to the actual additional value imparted to the holding, and this would be fairly represented by the difference between the original and new wet assessment on these lands. Government are, therefore, pleased to direct that the difference between the old and new assessment be levied as water-rate from the Jahgirdar in respect of the old atchkat, as recommended

Land Revenue, dated 15th November 1912.

by the Revenue Commissioner. This order will in no way interfere with the levy of irrigation cess on all wet lands, which is appropriated for the maintenance of the channel.

9. The Deputy Commissioner is requested to intimate to the Jahgirdar at an early date all sums due by him on all accounts in connection with the above channel and to take steps to recover the same. A detailed statement should also be furnished to Government for their information. The Deputy Commissioner is requested further to report whether acreage contribution has been fully recovered in the other four villages, Holsal, Madvadi, Kaglipura and Kirgasur, and what the outstandings, if any, are in each of the above villages.

Proceedings of the Government of His Highness the Maharaja of Mysore,

READ—

Subject No. 147 of the Proceedings of the Representative Assembly of 1910, regarding the revival of the old Varga Rajinama Form (Form No. 4, Appendix D, of the Revenue Rules of 1890).

2. Letter No. 12414, dated the 31st May 1911, from the Revenue Commissioner in Mysore, stating that, as it is not easy to identify a land from its mere survey number, it is desirable to insert a description of the property in Form No. 2 of Appendix F of the Revenue Rules of 1901, prescribed for relinquishment in favour of some other person, as also in the form of Appendix G, prescribed for the agreement to be executed by the person intending to become the registered occupant, and proposing, therefore, that either Form No. 2 of Appendix F may be combined with Appendix G into one form with a schedule attached thereto to give a full description of the land or that a schedule may be attached to each of the above forms.

3. Subject No. 148 of the Proceedings of the Representative Assembly of 1911, in which the revival of the old form of Varga Rajinama is again asked for.

No. R. 2901-9—L. R. 409-10-3, DATED BANGALORE, 25TH NOVEMBER 1912.

ORDER THEREON.—Government consider that in view of the repeated representations in the matter, it is desirable to revive the old form of Varga Rajinama, omitting from the schedule attached thereto the description of the boundaries of the land, for the verification of which Government cannot be responsible. They are accordingly pleased to issue the following Notification amending the rules.

NOTIFICATION.

No. R. 2910—L. R. 409-10-4, dated Bangalore, 25th November 1912.

The Government of His Highness the Maharaja of Mysore are pleased to direct, under Sections 233 (*n*) and 71 of the Land Revenue Code, that the following amendments be made in the Land Revenue Rules issued under Notification No. 264—R. 122, dated the 10th July 1901.

(i) Substitute the following for rule 64:—

"The written notice of absolute relinquishment of an occupancy required by Section 71 of the Land Revenue Code to be given to the Amildar or Deputy Amildar, shall be in the form of Appendix F and shall be given before the 31st March in the current revenue year. Such relinquishment shall have effect from the 1st April in such year, provided that Vaisakhi crops, if any, on lands thus relinquished may be removed by the owner before the close of such year."

(ii) Substitute the following for rule 65:—

"The written notice of relinquishment of an occupancy by the registered occupant in favour of one or more persons and the agreement to be entered into by such person or the principal of such persons, shall be in the form of Appendix G."

Revenue (Land Revenue) dated 25th November 1912.

(iii) Omit Form No. 2 of Appendix F and substitute the following form for Appendix G:—

Letter No. 6950, dated the 6th January 1911, from the Revenue Commissioner in Mysore, forwarding in original letter No. 346, dated 29th December 1910, from the Deputy Commissioner, Chitaldrug District, reporting that one Kasi Rao *alias* Honnappa, shanbhog of Doddasiddavvanahalli, Chitaldrug Taluk, has absconded after embezzling Rs. 371-9-0 out of the revenue collections of the village, that one Pavanappa, father-in-law of the shanbhog's brother, has deposited the amount with a view to prevent the Shanbhogi Hak from forfeiture and secure it for his grandson, and that steps are being taken for the apprehension of the accused.

No. R. 5069—L. R. 211-10-2, dated Bangalore, 6th March 1911.

ORDER THEREON.—Recorded.

2. Attention is invited to Rule 92 of the Mysore Land Revenue Rules, according to which the patel, and not the shanbhog, is responsible for the safe custody of all the revenue collected by the former and he becomes personally responsible to make good the amount, if he fails to recover it or account for it, in the usual course

3. The further action taken in the matter should be reported.

(1) Letter No. 1630, dated the 5—8th August 1911, from the Revenue Commissioner in Mysore.

With reference to Government Proceedings No. R. 5069—L. R. 211-10-2, dated 6th March 1911, *re* the embezzlement of Government money to the extent of Rs. 371-9-0 by shanbhog Kasi Rao *alias* Honnappa of Doddasiddavvanahalli, Chitaldrug Taluk, I have the honor to submit herewith, for the information of Government, copy of letter No. 89, dated 2nd August 1911, from the Deputy Commissioner, Chitaldrug District, stating that the shanbhog in question was tried by the 1st Class Magistrate of Davangere and sentenced to one year's rigorous imprisonment. A detailed report will be submitted in the matter on receipt of further information called for from the Assistant Commissioner, Chitaldrug Sub-Division.

(ENCLOSURE.)

Letter No. 89, dated 2nd August 1911, from the Deputy Commissioner of the Chitaldrug District, to the Revenue Commissioner in Mysore.

In reply to your docket No. 1128, dated 25th July 1911, I have the honor to state that the accused shanbhog Kasi Rao was tried by the 1st Class Magistrate of Davangere and sentenced to one year's rigorous imprisonment.

The vernacular records connected with the case have been sent to the Assistant Commissioner, Chitaldrug Sub-Division, to take immediate steps for the recovery of the amount embezzled, from the parties at fault, and to adjust the same early. On receipt of his reply a detailed report will be submitted. Further, I beg to add that the explanations of the Amildar and shekdar of the Chitaldrug Taluk have also been called for in not taking timely steps for the recovery of the amount embezzled.

(2) Letter No. 10883, dated the 26th March 1912, from the same officer.

In continuation of this office letter No. 1630, dated the 5—8th August 1910, *in re* the embezzlement of Government money by shanbhog Kasi Rao *alias* Honnappa of Doddasiddavvanahalli, Chitaldrug Taluk, I have the honour to forward herewith for the information of Government copy of letter No. 553, dated the 22nd instant, together with its enclosures in original, from the Deputy Commissioner, Chitaldrug District, reporting that the amount embezzled has since been recovered from the parties at fault and credited to the treasury.

(ENCLOSURE.)

Letter No. 553, dated the 22nd March 1912, from the Deputy Commissioner, Chitaldrug District, to the Revenue Commissioner in Mysore.

With reference to your docket No. 9420, dated 8th March 1911, and in continuation of this office No. 89, dated 2nd August 1911, regarding the embezzlement of Government money to the extent of Rs. 371-9-0 by shanbhog Kasi Rao *alias* Honnappa of Doddasiddavvanahalli Firka in the Chitaldrug Taluk, I have the honour to state that when the shanbhog failed either to give the arrear list for the year 1909-10 or to have the arrears of the previous years credited to the treasury, he was called upon to appear before the Amildar with all his accounts immediately and to furnish satisfactory explanation for this omission, that on appearing before the Amildar, the shanbhog asked for time to collect and credit the outstanding balance to the treasury, which the Amildar granted on his executing a mutchalika. In spite of this, the shanbhog did not make any attempt at collection as promised by him, but on the other hand he subsequently decamped with the amount collected. The Amildar in his explanation states that as he was newly appointed to the office of Amildar about the middle of April 1910, and as he had to stop away at headquarters for one month thereafter having remained in charge of the Sub-Registry Office at Chitaldrug, it was not possible for him (the Amildar) to acquaint himself with the actual situation, the local circumstances and previous conduct of the accused shanbhog who, as the Sub-Division Officer Mr. Royalu Chetty makes out from his enquiry, was apt to these mal-practices in previous years also. The Amildar further adds that the mutchalika is in the handwriting of the shekdar himself who was sufficiently long in charge of the hobli and must consequently have been well conversant with the hobli affairs; it was on his recommendation that time was granted to the shanbhog, while the shekdar in denying the same, states that the Amildar granted it on his own responsibility. I am inclined to believe that both are to blame in the matter.

2. With regard to the observation made by Government in para 2 of their Order No. R. 5069—L. R. 211-10-2, dated 6th March 1911, received with the above, enquiring why the patel should not be held primarily responsible for the safe custody of all revenue collected by the shanbhog according to Rule 92 of the Land Revenue Rules, I beg to state that the Sub-Division Officer Mr. Royalu Chetty who conducted the preliminary departmental enquiry into the case, has reported that the accused shanbhog charged the amounts collected by the patel to the accounts of khatedars other than those from whom the shanbhog made his own collections to the extent of the amount embezzled and that the patel being illiterate was not able to find out the deception practised on him by the shanbhog till the whole affair came to light. Thus it will be clear that the amount collected by the patel himself, has been credited to the treasury by the patel himself though the same has been wrongly shown by the shanbhog in the village accounts, against different khates altogether. The Amildar thinks, however, that the patels are blameworthy in that they failed to report in time the fact of the shanbhog having directly concerned himself in the collection of the amount. For this failure on their part, they were ordered to make good the deficiency.

3. It has been reported that the amount embezzled has been since recovered from the parties at fault and credited to the Taluk Treasury at Chitaldrug as noted below :—

4. Entire file of records bearing on the subject is herewith submitted for kind perusal.

No. R. 2911-19—L. R. 211-10-7, DATED BANGALORE, 25TH NOVEMBER 1912.

ORDER THEREON.—Recorded.

2. Government are of opinion that the embezzlements referred to in the report were mainly facilitated by allowing the shanbhog to collect the kandayam. This practice which seems to be largely prevalent, is opposed to the Revenue Rules under which only the patel is responsible for the collection of kandayam; and the Revenue Commissioner is requested to issue necessary instructions for its discontinuance wherever it prevails.

Land Revenue, dated 25th November 1912.

3. Government also observe that, if the marginally noted officers, who conducted the Jamabandi of the taluk during the years 1908-09 and 1909-10, had properly checked and scrutinised the accounts, this long course of fraudulent manipulation of accounts would have been exposed and brought to light much earlier.

2. Mr. C. Krishnaswami Rao.
Huzur Jamabandi Officers—
1. Mr. Dharmaraj Chetty.
2. Mr. Chengiah Chetty.

4. Mr. Royalu Chetty, Sub-Division Officer in charge of the Taluk, deserves credit for his investigation of the case and the way in which he handled the village accounts, which had been thrown into great confusion by the shanbhog by his fraudulent entries.

Proceedings of the Government of His Highness the Maharaja of Mysore, Revenue (Forest), dated 11th November 1912.

READ—

Letter No. 7042—514, dated the 5th March 1912, from the Inspector-General of Education in Mysore, stating that the concession of obtaining the supply of timber needed for certain Industrial Schools in the State at 25 per cent discount on the selling rates originally granted in Government Order No. 9187-9—Ft. 11-06-4, dated the 11th April 1907, and extended by two years in Government Order No. 5929—Ft. 93-09-4, dated the 26th February 1910, ceased on the 31st December 1911, and requesting that the period may be extended by three more years on certain modified terms.

2. Letter No. 10387, dated the 20th June 1912, from the Conservator of Forests in Mysore, expressing his opinion in the matter.

No. R. 2509-11—Ft. 123-11-4, DATED BANGALORE, 11TH NOVEMBER 1912.

ORDER THEREON.—The Inspector-General of Education states that the rise in the price of timber sold at the depots combined with the extra wastage which must be allowed in an Industrial School, make it impossible for the Superintendent to find a ready sale for the manufactured articles. He requests, therefore, that instead of a discount on the selling price, the selling price itself may be fixed at the average price realized at the auction sales during the past three years or that the percentage of discount may be raised to 33⅓ per cent.

2. The Conservator of Forests objects to the proposals on the ground that as only the best timber is picked by the Superintendents, the existing rates are reasonable and that if any wastage is caused by the learners, the loss arising therefrom is a legitimate charge on the Education Department and that a quasi commercial department like the Forest Department should not be made to bear it. He has, however, no objection to renew the present concession for a further period of three years.

3. Government agree with the Conservator of Forests and direct that the concession be extended for three more years. The quantity and the kind of timber that may be supplied shall be restricted to the limit prescribed for each school in the list appended to Government Order No. R. 5929-31—Ft. 93-09-4, dated the 26th February 1910, and within this limit it is left to the discretion of the heads of the schools concerned with the approval of the Inspector-General of Education to substitute, in reasonable quantities, other varieties of timber locally available for those sanctioned in the above order.

The following papers relating to the Settlement of the Kunda Forest Block in the Tirthahalli Taluk.

(1) Letter No. 2563, dated the 2nd September 1911, from the Revenue Commissioner in Mysore, submitting the following report of the Forest Settlement Officer on the conclusion of his settlement:—

I have the honor to report on the conclusion of the settlement of the Kunda Block in the Tirthahalli Taluk of the Shimoga District.

2. The initial notification under Section 4 of the Mysore Forest Regulation proposing to constitute the area into a State Forest was published on pages 188 and 189 of the English issue of the *Mysore Gazette*, Part I, dated the 5th March 1908, and the proclamation under Section 5 of the said Regulation was issued by my predecessor in office Mr. M. Shama Rao and the same appeared on pages 145 and 146 of the Kanarese issue of the *Mysore Gazette*, Part II, dated the 26th March 1908.

3. The proclamatory notices were got served on the villagers concerned, through the Amildar of the Tirthahalli Taluk.

4. The tract was inspected and perambulated by me from the 23rd to 25th December 1910, in company with the Range Officer and the Amildar and I held an enquiry into the claims of the raiyats on the 22nd and 23rd December 1910. The following claims were preferred to me during my enquiry:—

(i) Three claims for right of free grazing;
(ii) Four claims for right of way;
(iii) Two claims for right to water;
and (iv) Nine claims for rights not falling under any one of the above;

All the claims in (i) and (ii) were admitted and recorded in the 'B' Register. Of the two claims in (iii) one was admitted and no orders were passed in the case of the other, as the tank to which the claim was advanced, falls outside the Reserve. All the claims in (iv) were admitted.

5. As Honnethalu and Chengar villages have contributed lands for the formation of the adjoining State Forest of Shirur, liberal provision had to be made for the supply of soppu, fuel, etc., to the raiyats of these two villages. I accordingly decided that they be entitled to the exercise in the reserve in question of all the rights and privileges conferred upon malnad raiyats under Government Notification No. 7375—Ft. 164-04-9, dated the 17th March 1909, and in the case of the raiyats of Nantur and Kunda I ordered that they be entitled to remove soppu and dead jungle wood for fuel from the Reserve. But as under clause (c) of Section 12 of the Mysore Forest Regulation, it was incumbent on me to specify the extent of the concession granted by me, I called for a statement from the Taluk Amildar, showing the quantity of soppu, etc., required by each raiyat. As I am of opinion that the Amildar's estimate is extravagent, I beg to recommend that the raiyats of the said village may be permitted to remove soppu, etc., to the extent shown in the accompanying statement. My estimate is based upon the information I collected during the course of the settlement of certain blocks in the Sagar and Nagar Taluks.

6. The Deputy Commissioner has informed me in his docket No. 4997, dated the 13th —17th April 1911, that no appeals have been preferred to him against my settlement decision.

7. The following records are herewith submitted:—

(1) 'B' Register;
(2) 'C' Register;
(3) Sketch map;
(4) Boundary notification;
and (5) Topo Tracing.

8. The date from which the Reservation is to take effect may be inserted in the draft boundary notification.

10	Hoovannagowda, patel of Kunda on behalf of villagers.	23rd Dec. 1910 ..	States that as the preliminary demarcation line runs close to Survey Nos. 4, 3, 2, 37 and 34 it may be shifted further from the present position and begs that as the ryots have been exercising the privilege conferred on the maiuad ryots in the matter of soppu for their lands and fuel for domestic purposes, the same may be recognized.	....	The village has enough of land outside the Reserve for soppu and for fuel. If the line is shifted a little from the edge of cultivation the ryots may not be allowed any concession in the Reserve. They may be allowed the right of grazing on a lump sum fee of Rs. 2 per annum.	The line passes close to some of the cultivated fields, in this village. It will be shifted at the easternmost corner touching the Solavati river and made to meet the junction bandhs of Chengar and Kunda near the foot path leading to Chengar. Then the line will run almost parallel to the proposed line at a distance of about half a furlong from it and meet the western boundary of the village at a distance of half a furlong from the point where it now meets according to the proposal of the Forest Department. In this arrangement will reduce the extent of lands of this village proposed to be taken for the forest by about 20 acres and as the village has still left for its use, about 650 acres of gomal and kharab lands to be used as District and village forests I decide that each of the ryots concerned be granted the concession of the removing in the reserve only soppu for manure and dead wood for fuel from the jungle wood trees to the extent specified in the accompanying settlement. It is ascertained that the ryots pay a nominal haibanni of 8 annas per annum, for grazing their cattle in the Government lands. As the growth of grass in these parts is scanty owing to the jungle being thickly covered with trees. I decide that the ryots of Kunda be entitled to graze their cattle 330 in Reserve on payment of a lump sum fee of Rs. 2 per annum. C. I decide that they be entitled to the exercise of all the rights and privileges conferred on the malnad raiyats in the District Forests under Government Order No. 7375—Ft. 16 Oct. 9, dated the 17th March 1909. As the block juts into this village disfiguring its shape, I would demarcate the forest boundary line at the north-east corner of Survey No. 107 and run it due east as far as the Kutadi Koduhalla and then along the eastern bank of the said halla so as to join the proposed line at the south-east corner of Survey No 81. Proceedings of the Government of His Highness the Maharaja of Mysore.

No. R. 2762-6—Ft. 40-11-6, dated Bangalore, 20th November 1912.

Order thereon.—The Forest Settlement Officer has made sufficient provision to meet the requirements of the villages affected by the reservation in the matter of grazing, the removal of leaves for manure and wood required for fuel and agricultural implements. In the case of the Chengar and Honnethalu villages, however, the Revenue Commissioner recommends that the quantity of soppu for manuring wet and garden lands, allowed from the forest, may be enhanced to 30 cart-loads per acre of wet land or garden. The Conservator does not, however, consider this to be necessary. Government are disposed to treat these malnad villages in such matters liberally, and they are, accordingly, pleased to accept the Revenue Commissioner's recommendation. But the soppu should not be allowed to be removed except from the annual coupes.

2. With this modification, Government approve of the settlement of the block conducted by the Forest Settlement Officer. The Notification under Section 17 of the Forest Regulation, will be published in the Gazette.

3. The Deputy Commissioner, Shimoga District, is requested to duly promulgate the boundaries of the block in the localities in which it is situated.

K. R. SRINIVASIENGAR,
Offg. Secy. to Govt., Gen. & Rev. Depts.

To—The Revenue Commissioner in Mysore.
The Conservator of Forests in Mysore.
The Superintendent, Revenue Survey and Settlement in Mysore.
The Deputy Commissioner, Shimoga District, with map and statements.
The Forest Settlement Officer in Mysore.

NOTIFICATION.

No. R. 2767—Ft. 40-11-7, dated Bangalore, 20th November 1912.

The Government of His Highness the Maharaja of Mysore are pleased to declare, under the provisions of Section 17 of the Mysore Forest Regulation (XI of 1900) that, from the 1st December 1912, the area, the boundaries of which are set forth in the schedule annexed to this notification, shall be deemed to be a "State Forest," subject to the exercise of rights specified at foot thereof:—

Schedule.

District	Taluk	Approximate area	Name of block	
Shimoga	Tirthahalli	2 square miles	Kunda	*Situation.*—A strip of district jungle to the west of Shilavati river. *Boundaries North.*—Starting from the north-east corner of Survey No. 81 of Honnethalu, the line runs north-east along the cart-track leading to Arehalli from Hosur to the south-east corner of Survey No. 78 of Honnethalu, then east through Survey No. 49 of Chengar for a distance of about 85 chains touching the southernmost points of Survey Nos. 26 and 50 of Chengar till it meets the left bank of the Shilavati river. *East.*—Thence along the left bank of Shilavati river to the northernmost corner of Survey No. 5 of Kunda.

Revenue (Forest), dated 20th November 1912.

South.—Then west through Survey No. 38 of Kunda for a distance of about 27 chains to a point about 8 chains north, from the northern corner of Survey No. 2 of the same village, thence south-west through Survey No. 38 of Kunda for a distance of about 72 chains to a point about 8 chains north-west from the north-west corner of Survey No. 34 of Kunda, thence west through Survey No. 62 of Nantur for a distance of about 40 chains to a point about 14 chains north-west from the north-west corner of Survey No. 73 of the same village, then north-west through Survey No. 62 for a distance of about 18 chains to a point about 8 chains north-east from the north-east corner of Survey No. 61, then west through Survey Nos. 62 and 42 for a distance of about 35 chains to a point about 6 chains east from the north-east corner of Survey No. 40 of Nantur.

West.—Then north through Survey No. 42 of Nantur and 94 of Honnethalu for a distance of about 44 chains to the north-east corner of Survey No. 107 of the latter village, thence east through Survey Nos. 106 and 94 of Honnethalu for a distance of about 20 chains touching the bund of Karadakodukere to a point about 2 chains south-east from the south-east corner of Survey No. 103 of the same village, then north-east through Survey No. 94 along the Karadakoduhall for a distance of about 35 chains to the starting point.

Remarks

A. The following rights of way are admitted within the block :—

(1) Cart-track leading from Arehalli to Hosur passing through Honnethalu village, 15 feet wide and about 2 chains long, open for men, cattle and carts all the year round. It enters the forest in the western boundary in the south-east corner of Survey No. 81 of Honnethalu, goes north-east along the demarcation line and quits the forest at the south-east corner of Survey No. 78 of the same village.

(2) Foot-path leading from Karadakodukere and joining the above cart-track, 5 feet wide and about 11 chains long, open for men and cattle only throughout the year. It enters the forest in the western boundary at a point about 2 chains south-east from the south-west corner of Survey No. 105 of Honnethalu, goes east and north through Karadakodukere and Survey No. 94 of the same village and quits the forest in the same boundary at a point about 1 chain south-east from the south-east corner of Survey No. 103 of Honnethalu and joins cart-track No. 1 supra.

(3) Cart-track, 15 feet wide and about 42 chains long, leading from Arehalli to Hosur and passing through Chengar village, is admitted for men, cattle and carts all the year round. It enters the forest in the northern boundary at a point about 3 chains south-east from the south-east corner of Survey No. 78 of Honnethalu, goes south-east and north-east through Survey No. 49 of Chengar and quits the forest in the northern boundary at a point about 10 chains south-east from the south-east corner of Survey No. 50 of the same village.

(4) Foot-path from Arehalli to Chengar, 6 feet wide and about 93 chains long open for men and cattle only throughout the year. It enters the forest in the southern boundary at a point about 8 chains north-west from the north-west corner of Survey No. 2 of Kunda goes north-west through Survey Nos. 33, 35, 36, 37, 38 and north through Survey Nos. 33 and 49 of Chengar and quits the forest in the northern boundary at a point about 15 chains south-west from the north-east corner of Survey No. 33 of the same village.

(5) Foot-path from Nantur to Chengar, *via* Kunda, 6 feet wide and about 35 chains long, open for men and cattle only throughout the year. It enters the forest in the southern boundary at a point about 16 chains north-west from the north-west corner of Survey No. 37 of Kunda, runs north through Survey No. 38 of the same village and Survey No. 33 of Chengar and meets the foot-path No. (4) supra, in Survey No. 38 of the same village.

(6) Foot-path from Nantur to Jains' Basti on Kunda Hill in Survey No. 38 of Kunda is admitted for men and cattle only throughout the year (width 6 feet and length 21 chains). It enters the forest in the southern boundary at a point 10 chains north from the north-east corner of Survey No. 72 of Nantur and runs north through Survey No. 62 of the same village and goes to Jains' Basti.

B. The undermentioned concessions are allowed within the Block :—

(i) Jains' Basti on Kunda Hill in Survey No. 38 of Kunda is treated as an enclosure within the block, with a camping ground of two chains all around. Right of way to it is allowed by means of foot-path, 6 feet wide and about 35 chains long, open for men and cattle throughout the year. It enters the forest in the southern boundary at a point about 3 chains north-west from the northernmost corner of Survey No. 34 of Kunda, goes north-west through Survey No. 38 of the same village to Jains' Basti.

Para 4 of letter No. 1559, dated the 17th August 1912, from the Conservator of Forests in Mysore, proposing a modification to the rules relating to the sale of timber by public auction.

---

4. I beg also to bring to your kind notice that Rule 8 of the Timber Auction Sale Rules published under Notification No. R. 1715—Ft. 158-10-3, dated the 18th September 1911, lays down that timber paid for may be removed at any time within 30 days from the date of sale, free of depot rent, and that depot rent should be charged if left longer. Timber merchants have been frequently complaining to me of the insufficiency of time allowed for the removal of their purchases free of charges, and I believe with good reason; for in Mysore carts are not readily procurable to cart the timbers to the Railway Station, and in other districts much difficulty is experienced in securing trucks when wanted, and even departmental officers often find themselves handicapped in their timber—loading operations owing to the shortage of trucks. The grievance is real and has therefore to be redressed. I, therefore, beg to suggest that this rule may be abrogated and in its place, the provisions of Rule 7 published under Notification No. 15229—R. F. 155-92, dated 15th March 1895, substituted. This rule permits of each case being thoroughly inquired into by the responsible forest officers concerned and of granting extensions of time for the removal of timber for a period not exceeding 90 days free of depot rent. Rule 8 thus amended will read as follows:—

"Timber paid for may be removed at any time within 30 days from the date of sale, "or within such further period not exceeding 90 days from the date of sale, as may be fixed "by the Forest Officer, as the circumstances of each case may require, without payment of "rent; but if left in the depot longer than 90 days from the date of sale such timber will "remain at the risk of the purchaser, and further shall be charged with depot rent at "Rs. 6-4-0, per cent per annum on the sale amount from the date of sale. If the timber "be not removed within six months from the date of sale the same may after ten days' notice "to the purchaser be sold by public auction for the recovery of rent and costs, etc."

No. R. 2772-81—Ft. 45-12-2, DATED BANGALORE, 20TH NOVEMBER 1912.

ORDER THEREON.—Under the circumstances brought to notice, Government are pleased to approve of the modification suggested by the Conservator of Forests. A notification will, accordingly, be published in the *Mysore Gazette*.

Proceedings of the Government of His Highness the Maharaja of Mysore,

NOTIFICATION.

No. R. 2782—Ft. 45-12-3, dated Bangalore, 20th November 1912.

The Government of His Highness the Maharaja of Mysore are pleased to direct that the following be substituted for Rule 8 of the Rules relating to the sale of timber by public auction, published under Notification No. R. 1715—Ft. 158-10-3, dated 18th September 1911:—

"8. Timber paid for may be removed at any time within 30 days from the date of sale or within such further period not exceeding 90 days from the date of sale, as may be fixed by the Forest Officer, as the circumstances of each case may require without payment of rent; but, if left in the depot longer than 90 days from the date of sale, such timber will remain at the risk of the purchaser and further, shall be charged with depot rent at Rs. 6-4-0 per cent per annum on the sale amount from the date of sale. If the timber be not removed within six months from the date of sale, the same may, after ten days' notice to the purchaser be sold by public auction for the recovery of rent and costs, etc."

Thus modified, the rules published under Notification No. R. 1715—Ft. 158-10-3, dated 18th September 1911, will read as follows:—

RULES FOR THE SALE OF TIMBER BY PUBLIC AUCTION.

I. Procedure.

1. Every auction sale shall be held by the Forest Officer in charge of the District or other Forest Officer not below the rank of Sub-Assistant Conservator deputed by the Deputy Commissioner.

2. Subject to the minima prices which may be fixed from time to time by the Conservator of Forests, but which will not be divulged, the highest bidder shall ordinarily be the purchaser. But the officer conducting the sale can reject any bid or stop the sale at any stage without assigning any reason to the intending purchasers. Should any lot be disputed, it shall be again put up and sold.

3. Each purchaser shall, immediately after a lot has been knocked down to him, pay, as earnest money, a sum of rupees five and sign his name opposite the number and specification of the lot bought by him, in a book provided for the purpose. Such payment and signature shall be held as admission on his part of having bought such lot and of having accepted the terms of sale as herein specified.

Payments how to be made.

4. Immediately after the sale, each purchaser will be furnished with a memo showing the total amount due by him and with a challan to pay immediately twenty-five per cent of such amount as a deposit into the Taluk Treasury at the place, or if there is no such Treasury, to pay the same into the nearest Taluk Treasury before the close of the 3rd or 5th day from the date of the sale as circumstances may require, regard being had to the distance of the Taluk Treasury. A receipt for the deposit money will be granted by the Treasury officer and must be presented to the Forest Officer at once, if the Treasury is at the place of sale, and if otherwise, before the close of the 5th or 8th day from date of sale as fixed. The Forest Officer will initial the receipt and enter on its face the date of presentation. Should any purchaser fail to comply with this rule, the Forest Officer shall be at liberty to resell all or any portion of the timber purchased by such defaulter, who shall be required to make good any loss, but shall not participate in any profit on such re-sale. The amount due by such defaulter shall be recovered from him as a revenue demand.

Note.—For the convenience of purchasers the quarter deposit or the whole of the sale amount will be received and acknowledged by the officer conducting the sale, if tendered on the spot at the time of sale.

5. The whole quantity purchased by each purchaser must be paid for within 30 days from the date of sale or within such further period not exceeding 90 days

Revenue (Forest), dated 20th November 1912.

from the date of sale under the special orders of the Conservator of Forests; failing which the earnest and deposit moneys already paid in shall be forfeited to Government and the timber not paid for shall be resold. Moneys due may be paid into the Treasury of the taluk in which the depot is situated or into the District Treasury, but into no other, except in cases where the purchasers are permitted to pay into any other Government Treasury in accordance with the challans issued to them.

III. Delivery of timber.

6. No timber shall be delivered to any purchaser until it has been paid for in full.

IV. Permit for removal.

7. No timber can be removed from the depot till a permit to remove timber signed by the Forest Officer in charge of the depot shall have been obtained.

V. Depot rent.

8. Timber paid for may be removed at any time within 30 days from the date of sale or within such further period not exceeding 90 days from the date of sale as may be fixed by the Forest Officer, as the circumstances of each case may require, without payment of rent; but if left in the depot longer than 90 days from the date of sale, such timber will remain at the risk of the purchaser and further, shall be charged with depot rent at Rs. 6-4-0 per cent per annum on the sale amount from the date of sale. If the timber be not removed within six months from the date of sale the same may after ten days' notice to the purchaser be sold by public auction for the recovery of rent and costs, etc.

Letter No. 5220, dated the 9th December 1910, from the Conservator of Forests in Mysore, submitting a comprehensive scheme for the reorganization of the Forest Department in all its branches.

(2) Letter No. 6755, dated 5th May 1911, from the Comptroller to the Government of Mysore, verifying the proposition statement and offering certain criticisms upon the main features of the scheme.

(3) Letter No. 8290, dated 10th April 1912, from the Conservator of Forests in Mysore, submitting for favourable consideration, a representation from Mr. B. V. Ramarengar, Assistant Conservator of Forests, praying for an improvement in his pay and prospects.

(4) Letter No. 2137, dated 9th September 1912, from the Conservator of Forests in Mysore, forwarding for favourable consideration, a memorial from Mr H. Ramiah, Assistant Conservator of Forests, for special treatment in the matter of his promotion, and recommending the grant of personal allowances to certain officers.

No. R. 2672-81—FT. 96-10-5, DATED BANGALORE, 16TH NOVEMBER 1912.

ORDER THEREON.—The existing scale of the Gazetted Officers was sanctioned so far back as 1894, those of the executive and protective staffs and Conservator's Office establishment in 1900 and that of the District Office Establishment in 1904. There have been great changes since then in forest areas and the quality and magnitude of the operations. The Government agree with the Conservator in thinking that the whole establishment should now be revised and reorganised to suit present conditions.

I. CONTROLLING STAFF.

(*a*) *Cadre.*—There will be eighteen officers including the Officer in charge of Game Preserves, as against the present strength of seventeen officers and they will be distributed as follows:—

District Charges	...	...	...	...	8
Sub-Division Charges	...	...	...	...	3
Range Charges	...	...	...	...	5
Working Plans	...	...	...	...	1
Game Preserves	...	...	...	...	1
			Total	...	18

(*b*) *Classification.*—The Government do not think it necessary to show in separate lists the officers trained in Europe and those trained in India and accord differential treatment to them in pay and promotion as the superior qualifications, if any, of the Europe trained men can be suitably recognised by giving them a higher starting pay or, if need be, a personal allowance. The present classification of Deputy, Assistant and Sub-Assistant Conservators will be retained and the allocation of the officers in the various classes will be as follows:—

Deputy Conservators	...	...	...	...	4
Assistant Conservators	...	...	...	...	8
Sub-Assistant Conservators	...	...	...	...	6
			Total	...	18

(*c*) *Pay.*—A time scale of pay will be adopted subject to the numerical limitation of the classes. The Sub-Assistant Conservator will start on Rs. 100 and rise, on approved service, to Rs. 200 by an annual increment of Rs. 25. His promotion, if found fit, to the grade of Assistant Conservator, will be on vacancies and subject to passing departmental examinations.

An Assistant Conservator will start on Rs. 250 and rise, on approved service, to Rs. 450 by triennial increments of Rs. 50. A Europe trained man will be started as a Probationary Assistant Conservator on Rs. 200 with a personal allowance, if need be, in exceptionally deserving cases and will be eligible after two years' probation and on passing the departmental examinations to be confirmed in the last grade of Assistant Conservators on Rs. 250.

The promotion of an Assistant Conservator to the class of Deputy Conservators will be on grounds of personal merit and on the existence of a vacancy. The starting pay of a Deputy Conservator will be Rs. 500 and he will rise to Rs. 700, on approved service, by triennial increments of Rs. 50.

II. Executive Staff.

(*a*) *Cadre.*—There will be two classes of officers under the designation of Rangers and Deputy Rangers, the creation of the latter class being found necessary for being in charge of minor ranges and koties. There will be 32 Rangers and 21 Deputy Rangers and their allocation will be as follows:—

	Rangers.	Deputy Rangers.
Range Charges	24	12
Koti Charges	2	7
Sale Depot Charges	„	2
Junior Rangers on special duty	4	„
Assistants to Working Plan Officer	2	„
Total ...	32	21

(*b*) *Classification and pay.*—There will be six grades among the rangers and the numerical strength and pay of the various grades will be as shown below:—

	Number.	Pay. Rs.
1st Grade	2	125
2nd do	4	100
3rd do	6	80
4th do	12	70
5th do	4	60
6th do	4	50

The Deputy Rangers will start on Rs. 30 and rise to Rs. 40 by annual increments of Rs. 2.

III. Protective Staff.

The number of Foresters will be fixed at 130 and will be placed in three classes:—

	Number.	Pay. Rs.
1st Class	40	25
2nd Class	50	20
3rd Class	40	15

The number of guards will be fixed at 825 and will be placed in two main divisions, Malnad and Maidan, with a different scale of pay in each case. There will be 425 guards in the Malnad Division under five grades as follows:—

	Number.	Pay. Rs.
1st Grade	50	15
2nd Grade	80	12
3rd Grade	120	10
4th Grade	100	9
5th Grade	75	8

Revenue (Forest), dated 16th November 1912.

There will be similarly five grades in the Maidan Division which will have a total strength of 400 guards. The allocation in the various grades will be as shown below:—

	Number.	Pay. Rs.
1st Grade	40	12
2nd Grade	70	10
3rd Grade	100	9
4th Grade	100	8
5th Grade	90	7

IV. Office Establishment.

(*a*) *Conservator's Office.*—The Government agree with the Conservator in thinking that an officer higher in status than that of a Manager is necessary for being in charge of the office, particularly during the frequent and often protracted absences of the Conservator on tour. The Manager of his office will accordingly be raised to the status of a Personal Assistant with a pay of Rs. 200—$\frac{10}{1}$—250. The Government are not satisfied about the necessity for increasing the pay of certain other clerks mentioned by the Conservator. The temporary establishment of four hands will continue to be temporary but the pay of the two typists will be raised to Rs. 25 per mensem each.

(*b*) *District Forest Office.*—The Government agree with the Conservator in thinking that some increase of pay is necessary in the case of the Accountants of these offices and the following scale is accordingly sanctioned:—

The pay of the Accountants of Mysore and Shimoga will be raised from Rs. 50—5—65 to 50—5—75.

The pay of the Accountant in Kadur will be raised from Rs. 30—5—50 to Rs. 50—5—65. The pay of the Accountants in the remaining districts of Bangalore, Kolar, Tumkur, Chitaldrug and Hassan will be raised from Rs. 30—5—45 to Rs. 30—4—50.

The District Forest Offices of Kolar, Tumkur and Chitaldrug will be given an additional hand on Rs. 10 as the present clerical strength is reported to be inadequate.

(*c*) *Sub-Division Offices.*—There will be one clerk for each of the three Sub-Divisions in the State. The present temporary establishment of two clerks on Rs. 25 each will be made permanent and another clerk on Rs. 25 will be sanctioned for the Heggaddevankote Sub-Division Office.

(*d*) *Range Offices.*—There are at present 37 ranges and it is intended to add four more to the number. For these 41 ranges the following clerical strength is sanctioned:—

13 Clerks on Rs. 20 each, for the major ranges.
28 Clerks on „ 15 each, for the minor ranges.
8 Assistant Clerks on Rs. 10 each, for eight heavy ranges.

V. Menial Staff.

(*a*) *Conservator's Office.*—The pay of the two peons on Rs. 6 will be raised to Rs. 7 each and that of the two lascars on Rs. 7 to Rs. 8 each.

(*b*) *District Forest Offices.*—The menial staff will be maintained at the present strength, but the pay of the six peons now on Rs. 6 each will be raised to Rs. 7 each.

(*c*) *Sub-Division Offices.*—The present temporary establishment of two peons on Rs. 8 and two peons on Rs. 7 will be made permanent and an establishment of one peon on Rs. 8 and one peon on Rs. 7 will be sanctioned for the Heggaddevankote Sub-Division.

(*d*) *Range Offices and Koti charges.*—As proposed by the Conservator the following menial staff is sanctioned:—

2 Peons on Rs. 7 each, for the 13 major ranges.
1 Peon on „ 7 for the 28 minor ranges.
1 Peon on „ 7 for the 9 koti charges
or in all 63 peons on Rs. 7 each.

The statement appended hereto will show the existing strength of the forest establishment and that now sanctioned by Government. The order will take effect from the 1st November 1912. Such of the officers of the controlling staff as have, on the above date, rendered approved service for the period of time required, will be eligible for promotion from that date to the next higher step, subject to the conditions laid down above. The Conservator is requested to report the cases of those officers for the orders of Government.

Proceedings of the Government of His Highness the Maharaja of Mysore.

READ—

The following papers relating to the settlement of the Ullur Forest Block in the Sagar Taluk :—

(1) Letter No. 12409, dated the 27th April 1912, from the Revenue Commissioner in Mysore, submitting the following report of the Forest Settlement Officer and stating that the final notification may be published provided consideration is given to certain suggestions made by the Deputy Commissioner of the Shimoga District.

Letter No. 103, dated 18—20th September 1911, from the Forest Settlement Officer in Mysore, to the Revenue Commissioner in Mysore, through the Deputy Commissioner, Shimoga District.

I have the honor to report on the conclusion of the settlement of the Ullur Forest in the Sagar Taluk of the Shimoga District.

2. The initial notification under Section 4 of the Mysore Forest Regulation, proposing to constitute the area into a State Forest appeared on pages 401 and 402 of the English issue of the *Mysore Gazette*, Part I, dated the 28th May 1908. The proclamation under Section 5 of the said Regulation was issued by my predecessor in office, Mr. M. Shama Rao, and the same was published on pages 789 and 790 of the Kanarese issue of the *Mysore Gazette*, Part II, dated 30th June 1908.

3. The reason advanced by the Forest Department for the reservation of the Ullur Block is, that it contains many valuable species of timber, which, if conserved would eventually yield a very good revenue to Government. In submitting to Government the papers relating to the reservation in question, the Assistant Commissioner in charge of the Sagar Sub-Division and the Deputy Commissioner of Shimoga were of opinion that the block in question might be reserved subject to the exercise of the privileges of the villagers concerned, in the matter of taking soppu and wood for agricultural implements. The question for consideration, therefore, is, whether the reservation of the block, in its entirety, is compatible with the exercise of the rights and privileges of the agricultural population in its neighbourhood.

4. I perambulated and inspected the block in question in company with the Sub-Assistant Conservator on the 29th and 30th March 1911 and am come to the conclusion that the mere extent of land left for the villagers after deducting the area proposed for the forest, is no criterion for holding that it satisfies the requirements of the raiyats. For, it must be remembered that the villages in the malnad are not of one compact block, but contain houses scattered all over the culturable area, as such an arrangement is necessary for the cultivation of the lands situated in the neighbourhood. I therefore venture to submit that it does not appear to be equitable to deprive the malnad raiyat of the use of the pasture land in his neighbourhood for the purpose of forming a State Forest and thereby force him to take his cattle to gomal lands situated far away from his residence and to obtain his supply of fuel from there. Bearing in mind the peculiar circumstances of the malnad raiyats, I have thought it fit to grant the villagers affected by the proposed reservation liberal concessions within the reserve.

The following 16 claims were preferred to me during the enquiry :—

(1) Three claims to right of free grazing ;

(2) three claims to right of way ; and

(3) ten claims to rights not falling under any of the above.

All the claims in (1), (2) and (3) were admitted and recorded in the 'B' Register.

5. The Deputy Commissioner has intimated, in his docket No. 413, dated the 18th July 1911, that no appeals have been preferred to him against my settlement decision relating to the block in question.

6. The following records are herewith submitted :—

(*i*) 'B' Register.

(*ii*) 'C' do.

(*iii*) Sketch map.

(*iv*) Boundary notification.

(*v*) Topo tracing.

7. The date from which the reservation is to take effect may be inserted in the draft boundary notification.

(2) Letter No. 9937, dated the 7th June 1912, from the Conservator of Forests in Mysore, expressing his opinion on the settlement.

(3) Registers B and C.

1	Parameswaraiya, patel of Ullur on behalf of villagers.	29th Mar. 1911	States that the gomal land bearing Survey No. 59 was assigned to Moole Ullur (Dakle village) that the cattle of this village entirely depend for pasture upon it and that the raiyats should be allowed to graze their cattle free in the State Forest.	.....	The area of gomal land left to the villagers of Ullur is about 100 acres in addition to 255 acres of kharab and 322 acres of assessed waste, containing luxuriant growth of trees and pasture land for village cattle amounting to 271 in all. Thus the area left for them is more than ample to meet their agricultural, domestic and other requirements. Hence no concessions of any kind need be granted, nor any area proposed be excluded except a margin of 110 yards along the edge of cultivated fields and rights of way claimed.	*Claims 1 and 2* The most populous village out of the villages affected by the reservation of the Ullur Block is Ullur It has 4 hamlets attached to it. Considering the situation of these from one another, it would appear that in the Survey Settlement, land adjoining the cultivated portion in each hamlet was assigned as Soppina Betta and gomal land, for the communal purpose of the village Survey No. 59 which has been proposed to be included in the reserve is situated close to Dakle village of Moole Ullur upon which the cattle of the said village depend for pasturage. The raiyats of this village as also those of the adjacent major village of Ullur depend, for fuel for household consumption and for making jaggory and arecanuts on the jungle in Survey Nos 59 and 38 I therefore decide that the raiyats of Moole Ullur be entitled to graze their cattle (28) free in Survey No 59 during the prescribed period of the year, and that they as well as the raiyats of the neighbouring village of Ullur be entitled to remove fuel for domestic purposes at the rate of 25 cart-loads per house per annum from the unreserved and unclassified trees in addition to 10 cart-loads for making jaggory for every acre of sugar cane crop and 10 cart loads for preparing arecanuts for every acre of arecanut garden. C. VENKATA RAO, Forest Settlement Officer 29th March 1911.	.....	
	Parameswaraiya, patel of Ullur on behalf of the raiyats.	Do ...	Represents that the raiyats of Moole Ullur and those of the major village of Ullur depend for fuel for home consumption upon Survey Nos. 59 and 38 and that each house requires 25 cart-loads of fuel per annum and that one acre of arecanut garden requires 12 cart-loads of fuel for making arecanut one hundred cart-loads more per annum for making jaggory.	.....	.....	See Claim No. 1.		

Revenue (Forest), dated 22nd November 1912.

4	Parameswaraiya, patel of Ullur, on behalf of raiyats.	29th Mar. 1911	States that the preliminary demarcation line abuts the holdings bearing survey numbers from 37 to 56 and that it should be shifted away to a distance of five chains.	.....	.....	As the preliminary demarcation line runs in some places at the edge of cultivation, it will be shifted to a distance of five chains beginning with the south-east bandha of Survey No. 37 up to the south-east corner of Survey No. 56. By this arrangement the site in Survey No. 61 for setting up a sugar-cane mill will be excluded. C. VENKATA RAO, Forest Settlement Officer. 29th March 1911.	.....		
5	Do ...	Do ...	Begs that the following foot-paths noted in the village map should be allowed to be used by the public as usual :— (i) Ullur to Kaspadi, (ii) Ullur to Hakrekoppa, (iii) Ullur to Hulikal.	.....	May be admitted.	Foot-paths from Ullur to Kaspadi, Ullur to Hulikal, and another to Hakrekoppa are admitted for men and cattle only throughout the year Width to be 6 feet. C. VENKATA RAO, Forest Settlement Officer. 29th March 1911.	.....		
6	Do ...	Do ...	States that there is a site in Survey No. 61 for setting up a sugar-cane mill and that if a margin of 110 yards is left all along the cultivated fields, the site will be excluded from the reserve and the inconvenience will be obviated.	.....	.....	*Vide* claim 3.	.....		
7	Sivalingaiya, patel of Kaspadi, on behalf of villagers.	Do ...	As the preliminary demarcation line runs close to cultivated lands, he prays that the same may be shifted to a distance of half a furlong.	.....	In this village also sufficient provision has already been made for the exercise of the raiyats' privileges by leaving out 242 acres of gomal and 250 acres of kharab. There are only 123 cattle in all in the village for which about 40 acres of gomal would be quite enough, whereas six times the area has been left out for grazing alone. They can have any quantity of agricultural implements and fuel for domestic use from kharab land. In short, this block consists of excellent Jambani growth bordering on the Bangalore-Honnavar road and having an area of about 2 square miles only. It is therefore prayed that it should not be burdened with any rights and privileges.	As the preliminary demarcation line touches the edge of cultivated fields, it will be shifted to a distance of five chains beginning with the north-east corner of Survey No. 1 up to the north-east corner of Survey No. 17. By this arrangement Survey No. 21 which has been applied for for cultivation by the village patel is fully excluded. C. VENKATA RAO, Forest Settlement Officer. 29th March 1911.	.....

States that the raiyats entirely depend upon Survey No. 39 proposed to be included in the reserve for grazing and that the preliminary demarcation line should be shifted further away from the cultivated fields.	.....	The opinion given in the case of Ullur and Kaspadi holds good in respect of this village also, as can be seen by the figures noted by the Forest Settlement Officer himself. The rights of way may be admitted and the proposed area left unburdened with any rights.	As the preliminary demarcation line touches the edge of cultivated fields, it will be shifted to a distance of 5 chains, beginning with the south east corner of Survey No. 40 up to the south east corner of Survey No. 28. 13	Venkabhatta, patel of Siraguppe.	29th Mar. 1911	According to Khaneshmari, there are about 20 houses and the raiyats have to bring fuel from the said survey numbers only. He prays that 20 cart-loads of fuel for home consumption for each family per annum, 10 cart-loads for making arecanut for each acre of garden and 10 cart-loads for each acre of sugarcane garden for making sugar may be allowed to be removed from the forest.	.....	.....	*Vide* claim 12	.....		
14	Do	... Do	States that there are two temples in Survey No. 39 and that they may be excluded.	.....	.....	There are two spots within the Reserve in Survey No. 39, held sacred by the villagers known as Bastidevara Bunn and Gramadevaramane. These will be demarcated out free from reservation with a camping ground of 2 chains all round. Right of way to the former will be by means of a foot-path (6 feet wide) branching from the foot-path leading to Talagunmane and to the latter by a foot-path (6 feet wide) leading from Survey No. 29. Proceedings of the Government of His Highness the Maharaja of Mysore,

No. R. 2877-81—Ft. 161-11-4, dated Bangalore, 22nd November 1912.

Order thereon.—The settlement has been made with due regard to the requirements of the people affected by the reservation. The provision made for the grazing of the cattle of the several villages and for meeting the demand for fuel appear to Government to be ample. They are, therefore, pleased to approve of the settlement made by the Forest Settlement Officer. The notification under Section 17 of the Forest Regulation will be published in the Gazette.

2. With regard to the objection raised by the Deputy Commissioner against the specifying in the notification of the number of cattle of the villages which should be allowed to graze in the forest, his attention is invited to Section 12 of the Forest Regulation, the provisions of which should be adhered to.

3. The assessment on the marginally noted assessed waste lands which have been included in the forest, will be written off the accounts.

NOTIFICATION.

No. R. 2882—Ft. 161-11-4, dated 22nd November 1912.

The Government of His Highness the Maharaja of Mysore are pleased to declare, under the provisions of Section 17 of the Mysore Forest Regulation (XI of 1900) that, from the 1st of December 1912, the area, the boundaries of which are set forth in the schedule annexed to this notification, shall be deemed to be a "State Forest," subject to the exercise of rights specified at foot thereof:—

Schedule.

District	Taluk, hobli and village	Approximate area	Name of block	
Shimoga	Sagar	1·17 square miles	Ullur	*Situation.*—The block is situated to the north of the Shimoga-Honnavar road. *Boundaries:*— *North.*—Starting from the north-east corner of Survey No. 28 of Siraguppi, the line runs south-east along the southern boundary of Survey No. 23 of the same village to the tri-junction bandhs of Siraguppi, Nichadi (Sagar Taluk) and Telaginamane (Shikarpur Taluk) villages. *East.*—Then the line turns south-west and goes along the western boundary of the Telaginamane village in the Shikarpur Taluk to the tri-junction bandhs of Siraguppi, Kaspadi, and Telaginamane villages, thence south-east along the southern boundary of the last named village for a distance of about 30 chains to the tri-junction

READ AGAIN—

Government Order No. 8115-6—Edn. 57-1910-2, dated 1st April 1911, declining to extend to Mr. F. R. Sell, Professor of English, Central College, the benefits of the European Service Leave Rules contained in Chapter XIV of the Mysore Service Regulations.

READ ALSO—

(1) Letter No. 3413, dated 6th November 1911, from Mr. H. H. Sparkes, Excise Commissioner in Mysore, requesting that his name may be included in the Appendix I containing the names of officers of Mysore Government entitled to the European Service Leave Rules as given in Chapter XIV of the Mysore Service Regulations and that he be permitted to draw the difference of the rates for the period of furlough granted to him in Notification No. Fl. 4835—S. R. 49-10, dated the 17th April 1911.

(2) Letter No. 7809—583, dated 6th April 1912, from the Inspector-General of Education in Mysore, submitting the memorial of Mr. F. R. Sell, praying that the orders of 1st April 1911 may be reconsidered and he be permitted to avail himself of the Leave Rules in question.

(3) Correspondence ending with this office letter No. Fl. 3258—G. F. 172-08, dated 26th January 1909, communicating the order of Government declining to extend to Mr. H. K. Slater, the benefit of the provisions of Chapter XIV of the Mysore Service Regulations.

No. Fl. 2808-11—G. F. 415-11-2, DATED BANGALORE, 13TH NOVEMBER 1912.

ORDER THEREON.—In Government Order No. Fl. 7632-71—Edn. 270, dated 3rd January 1900, the European Service Leave Rules (now contained in Chapter XIV of the Mysore Service Regulations) were extended to specially selected officers of the Mysore Government, who wished to avail themselves of the same for the purpose of proceeding to Europe and America and who, in the opinion of Government, were likely to add during such leave, to their usefulness for their respective departments. A list of such officers was printed in Appendix I to the Mysore Service Regulations.

2. On a reconsideration of the individual applications read above, the Government of His Highness the Maharaja of Mysore are pleased to direct that the undermentioned officers of the Mysore Government be specially admitted to the Leave Rules contained in Chapter XIV of Mysore Service Regulations from the dates mentioned against each and their names included in Appendix I thereof:—

(1) Mr. H. H. Sparkes (Inspector-General of Police on leave), with effect from 1st April 1911.

(2) Mr. F. R. Sell, Professor of English, from 1st July 1910.

(3) Mr. H. K. Slater, Assistant Geologist, from 1st November 1908.

3. In the case of these officers and in the case of others who may not, at the very outset of their service, be granted the benefits of the Leave Rules of Chapter XIV of the Mysore Service Regulations, the amount of leave will be calculated according to the following rules:—

I. (*a*) The amount of furlough due to the officer shall be taken at one-eighth of his active service while under the Leave Rules of Chapter XIII of the Mysore Service Regulations less the amount of furlough or leave on private affairs enjoyed by him under Articles 202 and 203, Mysore Service Regulations.

(*b*) Leave on Medical Certificate shall in this calculation reckon neither as service qualifying for furlough nor as furlough taken, but the amount of furlough due shall not exceed the amount which would be due if the officer had been under the Leave Rules of Chapter XIV from the beginning of his service and the leave taken by him on Medical Certificate had been furlough on Medical Certificate under the Rules in Chapter XIV.

II. An officer who comes under the Rules in Chapter XIV, while he is on leave under the Leave Rules of Chapter XIII of the Mysore Service Regulations,

Financial (General Finance), dated 13th November 1912.

may at his option (*a*) change his leave allowances to the amount admissible under the Leave Rules of Chapter XIV and come under them immediately; or, (*b*) postpone his coming under them until his return from leave.

III. The rule contained in I is subject to the proviso in Article 216, Mysore Service Regulations, *viz.*, that if more than two years' furlough be due to an officer when he first becomes subject to the rules in Chapter XIV of the Mysore Service Regulations, the excess shall be cancelled.

READ—

Letter No. 1416—B. R. 165, dated 2—5th September 1911, from the Comptroller, reporting that Mr. B. Nagappa, Subordinate Judge, Bangalore, has applied for remitting to his son Mr. B. N. Vijia Dev at Edinburgh a sum of Rs. 100 at the privileged rate of Exchange, *viz.*, 1s.—6d. the rupee and suggesting that Government Order No. 3106—G. F. 22-05, dated the 13th November 1905, requires to be modified if the view that the sanction of Government is necessary to each case of extending the concession to Indian Officers as in the case of European Officers (*vide* Government Order No. 5606-47—G. M. 55-07, dated the 27th March 1908) is accepted; and reporting that the application of Miss Park, Lady Superintendent, Maharani's College, to make home remittances at 1s.—6d. the rupee was not complied with by the Comptroller.

No. FL. 2894-939—G. F. 133-11-3, DATED BANGALORE, 15TH NOVEMBER 1912.

ORDER THEREON.—The Government of His Highness the Maharaja are pleased to observe that under the orders of 23rd December 1893 and 13th November 1905, all Officers of the local State Service may, as a general rule, make family remittances to England and separate orders are not necessary for allowing the concession in each individual case. Mr. Nagappa's case may be dealt with accordingly.

2. The Government of His Highness the Maharaja are further pleased to declare that Government Order No. G. 5606-47, dated the 27th March 1908, should not be held to refer to family remittances to England at a favourable rate of Exchange and notwithstanding what is stated in clause I (*b*) of the rules under that order the privilege of family remittance under the rules of 23rd December 1893 should be allowed.

Correspondence ending with letter No. 6748, dated 11th February 1910, from the Excise Commissioner in Mysore, submitting the record of enquiry relating to the claim of the Inamdars to the toddy revenue of Jodi Hochihalli village, Kadur Taluk, Kadur District.

No. FL. 2994-3004—S. R. 174-07-10, DATED BANGALORE, 18TH NOVEMBER 1912.

ORDER THEREON.—The original Sannad has not been produced and from the unauthenticated copy of it filed by the Inamdars, it is clear that the claim to toddy Excise revenue was not expressly conceded to them. In the Inam Register of enquiry also, no mention is made of toddy revenue as having been alienated to the Inamdars, and according to the Quit-rent Register, land revenue alone is alienated to them. There has not been also satisfactory proof of the enjoyment of this revenue by the Inamdars. The claim of the Inamdars is, therefore, disallowed. The toddy shop of the village will be removed from the list of Inam shops.

Government Order No. 123-4—Ex. F. 12-01, dated the 7th August 1903, allowing the inamdar's claim to the Excise revenue from toddy of the Sarvamanya Dinka village in the Krishnarajpete Taluk, subject to Rules 2, 5 and 13 of the Rules contained in Government Order No. 2074-83—R. F. 166-92, dated the 2nd August 1901.

(2) Petitions dated the 15th February 1904, and 3rd March 1904, from Mr. A. Narasimha Iyengar, inamdar of Dinka village, stating that, as a toddy shop actually exists in the village, the orders read above may be reconsidered.

(3) Correspondence ending with the Excise Commissioner's letter No. 1580, dated the 13th August 1909, submitting a report in the matter.

No. FL. 3185-6—S. R. 112-03-8, DATED BANGALORE, 29TH NOVEMBER 1912.

ORDER THEREON.—The statement that there is no shop in the village, made in the Investigating Officer's report submitted to Government, with the Excise Commissioner's letter No. 4593-261, dated the 7-11th February 1903, is now stated to be wrong and proof has been adduced to show that there has always been a shop in the village. Government are, therefore, pleased to direct that, in modification of para 1 of Government Order No. 123-4—Ex. F. 12-01, dated the 7th August 1903, the case be brought under Rules 2, 3, 5, 6 and 9 of the Government Order dated the 2nd August 1901.

Government Proceedings No. Fl. 4781-2—B. 20-11-2, dated the 9th May 1912, sanctioning the revision of the office establishment of the Registrar of Co-operative Societies in Mysore.

2. Letter No. 218—B. & R. 28, dated the 11th July 1912, from the Comptroller, forwarding duly verified, a proposition statement received with Letter No 1012—C. S. 6, dated the 21st June 1912, from the Registrar of Co-operative Societies in Mysore, submitting proposals for the further revision of his establishment.

No. FL. 2738-9—B. 5-12-2, DATED BANGALORE, 6TH NOVEMBER 1912.

ORDER THEREON.—In Government Proceedings No. Fl. 4781-2—B 20-11-2, dated 9th May 1912, read above, the establishment of the Registrar was revised and strengthened by the addition of two Inspectors and three peons. The existing establishment under him consits of—

1 Assistant to Registrar,
5 Inspectors,
5 Clerks,
1 Mutchi,
and 11 Menial servants.

2. In his letter No. 1012, dated 21st June 1912, the Registrar has again submitted proposals for the further revision of his establishment and bases his case upon the growth of the movement since November 1911, when the proposals for the first revision were made. He now seeks sanction for the entertainment of—

(1) 2 additional Inspectors on Rs. 40—2½—60 each for Bangalore and Mysore Cities,
(2) 2 Inspectors on Rs. 40—2½—60 each for the moffusil work,
(3) 2 Clerks on Rs. 25—2½—40 each,
(4) 6 Peons on Rs. 7 each,
(5) 1 Lascar on Rs. 8,
(6) and also a 'pro-rata' establishment of one Inspector and one peon for every 30 additional societies and one clerk in the Head office for every 50 additional societies.

3. After due consideration of the proposals, Government are pleased to sanction the following additional establishment :—

2 Inspectors on Rs. 40—2½—60 each,
2 Clerks on Rs. 20 each,
2 Peons on Rs. 7 each for the two additional Inspectors and
1 Peon on Rs. 7 and
1 Lascar on Rs. 8 for the Registrar's office.

They are further pleased to sanction a 'pro-rata' establishment on the following scale, *viz.*, one additional Inspector on Rs. 40—2½—60 for every 40 societies and one clerk in the Head office for every 60 societies. These hands may be automatically entertained as soon as the additional number of societies is reached midway.

4. The additional establishment now sanctioned and that to be entertained automatically should be regarded as "temporary" for the present.

5. The Registrar is requested to submit proposals later on in the year to meet the additional cost required for the current year by reappropriation.

The following communications :—

I. Letter No. 4239, dated the 24th July 1912, from the First Assistant to the Hon'ble the Resident in Mysore.

I am directed to forward herewith a copy of a letter from the Chief Secretary to the Government of Madras, No. 428, dated the 19th July 1912, with enclosures, asking for the surrender of Narasa and Penna, subjects of the Mysore State, who are accused of having committed robbery with a deadly weapon within the limits of the Sandur State, and to enquire whether the Durbar are prepared to issue instructions for the surrender of the accused persons as desired.

The favor of a reply is requested.

(*Enclosure.*)

Letter No. 428, dated the 19th July 1912, from the Acting Chief Secretary to the Government of Madras, Political Department, to the Hon'ble the Resident in Mysore.

The Sandur Durbar requests that the Mysore Durbar may be moved to direct the surrender of two persons named Narasa, a boy of 15 years, and Penna, a young man of 22 years, who are subjects of the Mysore State and are accused of having committed within the limits of Sandur State, robbery with a deadly weapon (an offence punishable under Sections 392 and 398, Indian Penal Code) on one Barma, a subject of that State.

2. A copy of the evidence recorded by the Dewan of Sandur from the complainant and a witness for the prosecution is enclosed and a perusal of this will show that there appears to be a *prima facie* case against the accused.

In these circumstances I am directed to request that you will be so good as to move the Mysore Durbar to surrender the accused to the Sandur Durbar as an act of courtesy.

II. General and Revenue Secretary's letter Pol. No 143, dated the 16th August 1912, addressed to the First Assistant to the Hon'ble the Resident in Mysore.

I am directed to acknowledge the receipt of your letter No. 4239, dated the 24th July 1912, enquiring whether the Durbar are prepared to issue instructions for the surrender to the Sandur State of two persons accused of having committed robbery in that State.

2. In reply, I am to state that the Durbar have no objection to surrender the accused persons if the Sandur State are willing to grant reciprocity in the case of similar applications that may be made to them hereafter by the Mysore Government. The arrangement which the Durbar would at present suggest, is that by which persons charged with offences which are extraditable under the Law in force in British India are to be surrendered by one Government on the requisition of the other.

3. If this view is acceptable, necessary instructions will be issued to the District Magistrate of Chitaldrug District for the surrender of the accused persons on receipt of a warrant from the Political Agent of the Sandur State.

III. Letter No. 5530, dated the 23rd September 1912, from the First Assistant to the Hon'ble the Resident in Mysore.

With reference to Mr. Srinivasiengar's letter No. 143 Pol., dated the 16th August 1912, regarding the grant of reciprocity by the Sandur Durbar in the matter of the surrender of persons accused of extraditable offences committed within the limits of the Mysore State, I am directed to forward, for information, a copy of a letter from the Government of Madras, No. 536, dated the 16th September 1912, with enclosure, and to request that necessary instructions may be kindly issued to the District Magistrate concerned for the surrender of the persons, required by the Sandur Durbar, on receipt of a warrant from the Political Agent for Sandur.

(*Enclosure.*)

Letter No. 536, dated the 16th September 1912, from the Chief Secretary to the Government of Madras, Political Department, to the Hon'ble the Resident in Mysore.

With reference to your letter No. 4786, dated the 17th August 1912, I am directed to forward copy of a letter dated the 30th August 1912, from the Dewan of the Sandur State from which you will observe that the Sandur Durbar is prepared to grant reciprocity in the matter of the surrender of persons accused of extraditable offences committed within the limits of the Mysore territory. The Political Agent for Sandur has therefore been instructed to issue a warrant for the arrest of the accused.

From the Dewan of Sandur, to the Political Agent for Sandur, dated the 30th August 1912, reference C. R. No. 47, dated 30th August 1912.

In reply to your reference M. C. R. No. 782, dated the 28th instant, I have the honour to state that the Sandur Durbar is quite willing to surrender to the Mysore Government

Judicial and Legislative (Courts), dated 30th November 1912.

subjects of the State who are accused of offences coming under the Extradition Act, No. XXV of 1903, stated to have been committed within the limits of the Mysore Territory and thus reciprocate with the said Government. This is very necessary in the interests of both the Durbars as their territories adjoin each other.

No. J. 1553-63—Cts. 318-11-8, dated Bangalore, 30th November 1912.

Order thereon.—Ordered that the foregoing correspondence be communicated to the Military Secretary to His Highness the Maharaja, the Inspector-General of Police, the Chief Commandant and the District Magistrates for information.

Subject No. 60 of the Representative Assembly Proceedings of 1910, in the matter of empowering Taluk Magistrates to renew gun licenses issued under Rule 15 of the Arms Rules and of issuing them for a period of five years at a time instead of for one year only as at present.

SUBJECT No. 60
Gun license.
(*a*) Messrs. B. Subramanya Bhatta and H. Subbaraya, Koppa Taluk.
(*b*) Mr. Krishnachar, Goribidnur Taluk.

Summary of discussion.—(*a*) There is considerable delay in obtaining renewals of gun licenses annually from District Magistrates. The Amildar Magistrate may be empowered to renew old licenses, fresh licenses being issued by the District Magistrate.

(*b*) Gun licenses may be renewed once in five years instead of annually.

(*a*) The members explained that difficulties were experienced by license-holders owing to the fact of their licenses for previous years being taken away by the authorities, which gave room for subordinate Police officers to annoy the people.

Reply of Government.—(*a*) The question of empowering Amildar Magistrates to renew old licenses will be considered.

(*b*) Orders will be passed enabling officers to issue licenses for a period not exceeding three or four years if the stamp payable in respect of the application for the period for which the license is asked for is paid in a lump.

4. Subject No. 80 of the Representative Assembly Proceedings of 1911.

SUBJECT No. 80.
Gun licenses.
(1) Mr. Puttanna Gowda, Tirthahalli Taluk.
(2) and (3) Messrs. C. Vaman Rao, Kunakappa and Nadig Subba Rao, Nagar Taluk.

Summary of discussion.—(1) As guns are necessary for the protection of crops in the malnad, the rule requiring the annual renewal of gun licenses may be abolished and their renewal once in five years ordered.

(2) (*a*) For the renewal of gun licenses the periods of which have expired, they have to be sent to the Sub-Divisional or District Magistrate. It is prayed that the power of renewal of such licenses may be granted to Taluk Magistrates.

(*b*) If a person desires to possess a license for a period not exceeding four years and is ready to pay the license fee for the entire period when he applies for the license, the same may be granted to him.

(3) Licenses to possess arms for the protection of crops are granted for five years. Such licenses with the arms are to be presented before the Taluk Amildar Magistrate once in the month of December every year and seen by him. If the Amildar is out of taluk headquarters, the parties are very much inconvenienced to get the licenses attested by him and sometimes the one year allowed by the rules expires before the Magistrate's attestation can be obtained. Instead of prescribing one year's limit in such cases, it will be convenient if the parties concerned are allowed to present the licenses for attestation either at the time of Jamabandi or at any time within the official year.

(4) The Government orders, promised in the last session of the Assembly, regarding the issue of gun licenses for a period not exceeding three or four years at a time, if the required stamp is paid in a lump, may be issued at an early date.

(4) Mr. K. Channabeshava Rao, Koppa Taluk.

Reply of Government.—Noted for consideration. There ought to be no difficulty in altering the time for presentation of licenses for renewal from specified months in the year to the time of Taluk or Huzur Jamabandi.

The orders already promised as regards (4) will be expedited.

No. J. 1266-74—POLICE 219-10-14, DATED 5TH NOVEMBER 1912.

ORDER THEREON.—Government consider that the delay complained of will, to a certain extent, be minimised by empowering the Taluk Magistrates to renew gun licenses. They are therefore pleased to direct that the proposal be adopted with the following safeguards:—

(i). The Taluk Magistrate, before he renews a license, should satisfy himself that the Taluk Police have no objections to the renewal; provided that in cases where the character and conduct of the licensee are well known personally to the

Judicial and Legislative (Police), dated 5th November 1912.

Magistrate himself he may dispense with the Police report and renew the license placing on record his personal knowledge.

(ii). Once in five years every license should be sent up for renewal to the District Magistrate or the Sub-Division Magistrate, as the case may be, instead of being renewed by the Taluk Magistrate.

(iii). All cases in which the Taluk Magistrate is of opinion that a renewal ought not to be granted, should be sent up to the District Magistrate or the Sub-Division Magistrate, as the case may be.

(iv). A list of licenses renewed by the Taluk Magistrate, with necessary particulars, should be sent to the District Magistrate once a month and this list, after the District Magistrate's registers are written up, should be sent to the Superintendent of Police for entry in his registers and return to the District Magistrate's office.

The power of granting fresh licenses shall remain in the hands of the District and Sub-Division Magistrates.

The Inspector-General of Police and the District Magistrates are requested to impress on all the officers concerned the necessity for prompt action in dealing with applications relating to gun licenses.

As regards the grant or renewal of licenses for more than one year at a time the District Magistrate may, on payment of the requisite fees in a lump sum, grant or renew licenses for a period of not more than three years at a time to persons of known good conduct and respectability after recording his reasons for doing so.

The rules issued under the Mysore Arms Regulation will be amended in accordance with the above.

READ—

Report on the working of the Government Central Press, the *Mysore Gazette* Office, the Branch Press at Mysore, and the Office of the Registrar of Authorised Publications in Mysore, during the year 1911-12 received with letter No. 493, dated the 1st October 1912, from the Superintendent of Government Press.

No. G. 2848—G. P. 14-12-3, DATED BANGALORE, 30TH NOVEMBER 1912.

ORDER THEREON.—Recorded.

2. *Plant.*—New machinery at a total cost of Rs. 5,084 was added to the plant during the year. The existing stock of type was increased by the purchase of 4,966 lbs. of fresh type valued at Rs. 4,600, in addition to 22,666 lbs. of type and metal furniture cast in the Press at a cost of Rs. 11,358. The value of the plant at the close of the year was Rs. 2,09,756.

3. *Out-turn of work.*—The out-turn in the Binding and Lithographic Branches showed a decrease as compared with that of the previous year; but in the other branches of the Press there was a steady and perceptible increase in the quantity of work turned out.

4. *Registration of books.*—One hundred and nineteen books and periodicals were registered during the year, copyright being secured in the case of 68 publications.

5. *General.*—The two Press Probationers deputed to Europe for training have been placed, through the good offices of Mr. Yates, under a well-known London firm, and it is hoped that they will return with a thorough practical acquaintance with the technicalities of all branches of printing work. The printing of the Census Report and Tables during the year entailed a large amount of extra work on the Press, which Government are pleased to note was smoothly and efficiently carried out.

The Government desire to place on record their appreciation of the efficient manner in which the Press continued to be maintained during the year by Mr. Yates and his assistants.

Telegram dated 21st October 1912, from the Agent of the Sri Raghavendraswami Matt at Nanjangud, intimating the demise of the Swamigalu of the Matt.

Correspondence ending with letter No. 219, dated 24th October 1912, from the Deputy Commissioner, Mysore District, reporting that Sri Sukruthindra Thirtha Swami of the Sri Raghavendraswami Matt at Nanjangud, who was ailing for some days past, passed away on the 20th October 1912, that while alive, the Swamigalavaru nominated his brother Vedamurti Krishnachar as his successor under the titular name of Srimat Susilendra Thirtha Sripadangalavaru, and adding that the new Swami is a learned man held in esteem by the disciples of the Matt and is therefore a fit person to succeed to the place.

CAMP NO. . 522-53—MUZ. F. 237-12-4, DATED MYSORE, 1ST NOVEMBER 1912.

ORDER THEREON.—The succession of Vedamurti Krishnachar under the titular name of Srimat Susilendra Thirtha Sripadangalavaru to the Guruship of Sri Raghavendraswami Matt is recognized.

Government Proceedings No. 248-51—C. P. S., dated the 30th June 1911, sanctioning the proposals for the re-organization of the establishment employed on the Cauvery Power Scheme.

2. Public Works Secretary's Note No. 61—C. P. S., dated the 7th September 1912, submitting for sanction the recommendation of the Chief Electrical Engineer to convert the increment of Rs. 50 fixed in the case of Mr. S. D. Iyengar, Assistant to the Chief Electrical Engineer, from biennial to annual for reasons given.

No. 480-3—C. P. S., DATED BANGALORE, 6TH NOVEMBER 1912.

ORDER THEREON.—In paragraph 1 of the Proceedings read above, the pay of Mr. S. D. Iyengar was fixed at 300- $\frac{50}{2}$—600 and he is now drawing Rs. 350 and would reach the maximum pay on 1st January 1921. The proposal is to convert the increment from biennial into annual so that he may reach the maximum on 1st January 1916.

Considering that the service in the Cauvery Power Scheme is non-pensionable, the Government of His Highness the Maharaja of Mysore are pleased to sanction the proposal, the first increment taking effect from 1st January 1912.

Letter No. 2929—E. 917, dated the 11th April 1912, from the Comptroller, Public Works Branch, forwarding for orders a draft of the Mysore Public Works Manual.

No. 1385-1411—9010-36 DATED BANGALORE, 11TH NOVEMBER 1912.

ORDER THEREON.—It has been under contemplation for some time to prepare a Public Works Code to answer local requirements with a view to declare authoritatively which of the rules in the Government of India Code are applicable to Mysore and which not, as well as to collect together the local rules and orders for purposes of ready reference.

2. With the letter read above, the Comptroller has forwarded the draft of the Mysore Code in two forms. The first is a Manual in the shape of an addenda and corrigenda list which, when incorporated with a copy of the Government of India Code, will give the Code as it should be read for Mysore. The second is a copy of the Government of India Code itself with the additions and corrections included.

But the Comptroller is in favour of introducing the first form (*i.e.*, the Manual) for the present. Government, concurring in this view, are pleased to direct that the Manual be published in the form in which it has been prepared and all officers concerned be requested to make the corrections indicated therein in their copies of the Government of India Code.

3. The Comptroller is requested to get the Manual printed on half margin to facilitate the entry of corrections and additions.

A Memo of the alterations required in some of the rules included in the Manual will be furnished to him for incorporation therein before it is issued. A separate list of papers relating to local rules or orders, not included in the Manual, will also be furnished to him in order to determine whether some of them, if not all, may not be either embodied in the Manual or added as appendices thereto.

4. The Comptroller has brought to notice that the preparation of the Manual has entailed a considerable amount of extra work on some of the members of his office staff who had to attend to this work in addition to their ordinary duties. As work of this character entails considerable expenditure of time and labour, the Comptroller is requested to submit proposals for granting to some of them suitable honorarium.

Notes dated the 1st March 1911 and the 17th July 1912, by the Secretary to Government, Public Works Department, regarding water-supply to public institutions.

NO. 1453-91—9150-88, DATED BANGALORE, 13TH NOVEMBER 1912.

ORDER THEREON.—The case relates to the supply of water to the public institutions, whether Government, charitable or religious, in the cities of Bangalore and Mysore, from the Chamarajendra and the Vanivilas Water Works, respectively. It is brought to notice that, so long as accounts are maintained of the quantity of water pumped, of the charges incurred on such pumping and the requisite maintenance of the water works, of the amount realised from the excess water bills, etc., the water-supply concern should be treated as a commercial one and the rules regulating house connections applied alike, without any exception, to all buildings, whether they be public institutions or ordinary dwelling houses. Any charitable institution applying for a free water-supply should, it is suggested, do so through the Department of Government from which it draws a grant-in-aid; and in case Government see fit to grant the prayer, the initial cost of the water connection and the charges for excess water may be sanctioned as a supplemental grant to the Department concerned or as a contribution to the particular institution. By the adoption of such a procedure, charitable institutions deserving of help will not, it is remarked, be deprived of the benefits of a free water-supply, while, at the same time, the accounts of the Water Supply Department will be maintained in an accurate and responsible manner.

2. Government fully concur with the views expressed above and are accordingly pleased to direct that this procedure be brought into effect from the 1st January 1913, on which date all the concessions for free water-supply granted till now will cease. Private institutions desirous of renewing the concession may take the necessary steps in the meantime to apply to the Departments concerned and obtain the requisite sanction thereto.

In the case of Government institutions, the Water Supply Department will debit the excess water charges incurred on and after the abovementioned date, to the departments concerned through the Civil Exchange accounts.

Letter No. 3940, dated the 20th October 1911, from the Chief Electrical Engineer to the Government of Mysore, proposing to reduce the charges for electric cooking, heating, etc.

Cooking and Heating by Electricity.

With reference to our recent conversation, I have the honor to submit for your consideration the following recommendations:—

Day Load.—Aside from the Binny's Mills, Tata Institute and Jewell Filters, there is practically no demand in Bangalore for current during the day time. There is, on the other hand, a heavy daily loss of energy occasioned by our having to keep all service transformers alive to supply any small demand for lighting or the operation of an occasional electric fan. In other words, the present day load losses of the local distribution system greatly exceed the trifling revenue derived from the day service.

Increased day load.—As it would be poor policy to limit the Bangalore service to night use only, as a means of curtailing the existing losses, another and more practical plan is to encourage the greater use of electricity in the home and elsewhere, and while it appears inadvisable for this Department to handle for sale, such appliances as would increase the demand for day current as well as improve the revenue of the local system, I am strongly of the opinion we should aid the sale and use of electric cooking and heating appliances by demonstrating practically their many uses and advantages and the saving to the consumer, etc., to be derived by their use. With this end in view, I have prepared the attached list of electrical appliances now quite commonly used in America and have shown below the current list prices, from which discounts of from 25 per cent to 40 per cent are allowed by the manufacturers. The figures are therefore ample to cover delivery to Bangalore and beg to recommend the purchase of the appliances listed to be employed for demonstration purposes *only* in Bangalore, Mysore and at Industrial and other Exhibitions.

Quarters.—At the present moment, we have not suitable quarters in Bangalore for the display of such appliances and I shall recommend in a later communication the erection of a suitable building, plans for which are now being prepared.

Note No. 58—C. P. S, of the 4th September 1912, by the Secretary to Government, Public Works Department, recommending the above proposals for the encouragement of the use of electricity in private houses and other large establishments for purposes of cooking, heating, etc.

No. 502-5—C. P. S., DATED BANGALORE, 15TH NOVEMBER 1912.

ORDER THEREON.—The proposal is to permit each of the lighting consumers to use small household appliances up to an equivalent of 20 points maximum demand at any one time, a minimum charge of annas 6 per point in the City and annas 8 in the Civil and Military Station being levied on only the higher of the two individual classes of services, *viz.*, lighting or heating, instead of on both as at present. For large electrical ranges requiring more power special rates for power supplied and measured through a separate meter are proposed.

2. The Chief Electrical Engineer assures that these proposals entail no loss to Government but tend to increase the revenue from the local systems and also to equalize the day and night loads. There is also the additional advantage that the people will be educated in the use of electricity. It is understood that the use of power for these purposes will not interfere prejudicially with the supply of the same for industrial purposes for which demand may arise in future.

Public Works, dated 15th November 1912.

3. In these circumstances, the Government are pleased to sanction the proposals with effect from 1st November 1912.

The schedule of rates now in force for the supply of electric power should be revised accordingly and submitted for formal sanction. The purchase of a set of electric appliances at a cost of Rs. 1,554 for demonstration purposes is also approved.

Memo No. 217, dated 13th March 1912, from the Secretary to Government, Geological Department, on the subject of the pay of the Inspector of Mines in Mysore.

No. 1143-44, DATED BANGALORE, 14TH NOVEMBER 1912.

ORDER THEREON.—In the Memo read above the Secretary to Government, Geological Department (who at present is also the Chief Inspector of Mines in Mysore), submits that the scale of pay now fixed for Mr. R. Bocquet and Mr. L. H. Beckwith, the Inspector and Deputy Inspector of Mines in Mysore, is anomalous in that the latter officer while acting for the former will not under the Regulations be entitled to any acting allowances. It is also pointed out that the pay of these officers, which is personal to them and not of the appointments they hold, was fixed as a result of conditions which no longer exist and that, as there is now an Inspector and a Deputy Inspector of Mines and these officers will be required permanently, the posts should be graded on a rational and intelligible basis. Dr. Smeeth accordingly proposes that the pay of the Inspector of Mines in Mysore be fixed at Rs. 750—50—1,000 and that of the Deputy Inspector of Mines at Rs. 450—50—700 and that the local allowances which the present holders of these posts draw should be dropped in the case of future incumbents.

2. The Government approve of Dr. Smeeth's proposals which are hereby sanctioned. The sanction thus accorded will not affect the present incumbents who must continue on the terms on which they were appointed, but the acting allowances of these officers will be regulated according to the pay now sanctioned for the posts.

1. The following extract from a Report by Mr. C. E. Suryanarayana Rao, Mining Assistant, on a fatal accident which occurred in the Champion Reef Mine on the 28th October 1912.

"The quake which caused this accident was of a very violent nature and occurred at 11-45 A.M. on 28th October last. It was felt from end to end of the Field and also in the villages surrounding it. There was a distinct earth tremor, which combined with the shock was sufficient to make buildings shake and walls crack. It was followed by several minor reports more than a dozen of which were heard and felt on surface. The exact number of these could not be ascertained because the shock produced by the first quake was so violent as to throw off the needle from the recording paper on the seismographic instrument newly installed on this Field to make seismographic observations.

"The area of ground affected most lies between Tennant's and Glen shafts and extends from the 18th to the 20th levels The quake or rather series of quakes was felt in all the levels of the Mine and shook down stuff from the roof of the tunnels and walls in stopes, causing several trivial injuries, mostly superficial cuts, to some of the workmen working between the 10th and 44th levels. The greatest damage both to person and property occurred in the 19th level and in a stope below it, where five persons were killed and one died in hospital. There is still one serious case under treatment, which in all probability will recover, while 6 were originally detained in hospital and kept under observation. Twenty-nine persons received superficial injuries, all of a very trivial nature, most of whom are already cured and discharged from the hospital. This brings the total to 41 casualties the heaviest record for a single accident during the year. It is extremely fortunate that the hand drillers were not at work in this stope at the time, otherwise the total number of fatalities would have been considerably increased.

"A certain amount of damage was done to Tennant's Vertical Shaft between the 18th and 19th levels, where two small pillars of quartz are left standing, one on either side of it. It will be remembered that this shaft cuts the lode here. Going south from Tennant's Incline Shaft, the 18th level is unharmed to a length of 114 feet, but beyond this point it is partially blocked for a distance of 48 feet.

"In the 19th Plat, Tennant's Vertical Shaft, some of the "Rangers," square timbers, varying in thickness from 12" to 15" square, were either bent or split. Further south from here, the level is quite clear for a distance of 48 feet from Tennant's Incline Shaft, but beyond this point and for a distance of 100 feet the floor of the level was raised, 3½ to 4 feet, the rails of the tram road pointing towards the roof of the level. Huge logs of timber 15 feet long by 6-7 feet in girth, were shot out from the floor and similar stulls at the back of the level were either crushed or split. Their head-boards, which are generally 4"-6" thick, were almost squeezed to nothing leaving the crushed ends of the stulls abutting against the much shaken and badly broken hanging wall. Large slabs of rock broke away from the walls, mostly from the hanging, of the drive and the resulting debris almost choked it for a distance of 100 feet. From this point onwards, this level is partially blocked for a distance of 200 feet, the debris filling the level having come away mostly from the sides (walls) and also from the worked out stopes above, owing to the collapse of stulls holding the fillings.

"Two stopes were at work below this level, one on each side of a winze or shoot pass leading to the level below. The north stope was 18 feet long by 14 feet wide, somewhat narrower on the top than in the bottom, and had gone down to a depth of 40 feet. Here also the timbers supporting the excavation close to the end of ground were either crushed or split and their head boards showed signs of enormous pressure being exerted on them. The ladder way leading into the stope was fixed a few feet away from the square end and planked off from it by boards varying in thickness from 2"-4". The last two rows of timbers had been completely sollared over with rafters 4 inches thick to guard against things falling from above, just below the last sollar and not far from the square end, 10 timber coolies in charge of a mestri were fixing a round timber 14 feet long, which they had footed in the hitch and were trying to insert the head-board when the quake occurred. The square end of the stope was blown out, the ladder road smashed, and a portion of the sollar collapsed. Most of the men were either completely or partially buried by the stuff falling from the walls of the stope in between timbers and the square end. Of these, five were killed on the spot and the head of one of the victims was found a few feet away from the trunk. The Survivors were all picked up either from the middle or the "sinky" side of the stope, where strange to relate the timbers were not damaged to any appreciable extent, although the hanging wall is very much fissured and broken. They were protected by the double sollar referred to above and all received only trivial injuries, except one.

Proceedings of the Government of His Highness the Maharaja of Mysore,

"The South Stope, 24 feet long, was suspended after working to a depth of 30 feet and a new one, 18 feet long, was started by its side and worked to a depth of 14 feet only. This also was suspended and a third stope, 12 feet long, was started by its side. This was 12 feet deep on the day of the accident and eight hand-drillers were at work here when the quake occurred. All these men took shelter under the stope timbers which were heavily lagged and received only trivial injuries. One of their comrades went into the level above, to relieve nature, a few minutes before the occurrence of the quake and was very severely injured. He is under treatment in hospital.

"The idea in working these stopes to shallow depths only is to break the floor of the level in the first instance, so as to gain sufficient room for the bottom stulls and re-form the level on them before stoping is continued to any appreciable depth. The timbers in both these stopes are within a reasonable distance of the working face taking the width of the stopes into consideration."

2. The following remarks by the Chief Inspector of Mines:—

"I inspected the scene of this accident in company with Capt. Treloar, Chief Mine Agent and Mr. Suryanarayana Rao, on the 5th November. Mr. Suryanarayana Rao had already made an inspection, as Mr. Beckwith, who was in this section of the Mine at the time of the accident had been injured by a falling rock and was in hospital.

"The above report gives a good idea of the situation and I need not repeat the details. The stope below the 19th level in which the coolies were injured is a comparatively small one and lies about the middle of an almost untouched block of ground extending for a length of about 480 feet with a depth of about 80 feet between the 19th and 20th levels. Below this there are some other blocks of untouched ground.

"Above the 19th level the reef has been taken out for a considerable distance upwards and the stopes filled in with waste rock. The block of ore in which the stope is situated has been left untouched for the past two years in order to give the ground above time to settle on to the filling and relieve pressure. During this period of rest there has been no signs of trouble and it was considered quite safe to start the stoping of this ore. I do not think that any one acquainted with mining work would have had the slightest hesitation in starting this stope and as the amount excavated at the time of the accident was relatively small compared with the extent of the untouched ground on either side of the stope, it is doubtful whether the excavation work done can be regarded as having materially contributed to the air blast, especially when the heavy timbering in the stope itself is taken into account.

"In my opinion the work should, under all ordinary conditions, have been quite safe and was being conducted with all available precautions. It is by no means an easymatter to localise the point of origin of the shock which caused the damage in the stope and adjoining levels. The block of solid ground between the stope and Tennant's Incline Shaft has undoubtedly suffered both in the north end of the stope and along the 19th level, but whether the cracking of this ground caused the air blast or was the result of a shock originating elsewhere it is impossible to say. It may be noted that the portion of Tennant's Vertical Shaft between the 18th and 19th levels has also suffered disturbance, some of the timbers being split and shifted. Behind this portion of the Shaft a large block of the reef has been left intact for the purpose of guarding and supporting the shaft and it is possible that this block of reef has itself suffered fracture which may have given rise to the shock.

"In conclusion I am of opinion that the work was being carried on with the greatest care and with all reasonable precautions and that the accident must be regarded as unforeseen and unavoidable.

"The whole question of the methods of stoping and of the occurrence of air blasts is receiving most careful attention from both the Inspectors of Mines and the officers of the Mines and neither trouble nor expense is being spared to devise methods of avoiding them or minimising their effects.

"I have arranged with the Acting Superintendent that stoping work shall be stopped in the area of ground affected by this air blast, but the ground will be cleared up and the levels secured. Further operations will be discussed with the Superintendent on his return from leave in December."

No. 1233, DATED BANGALORE, 25TH NOVEMBER 1912.

ORDER THEREON.—The Government agree with the Chief Inspector of Mines that the accident was of an unforeseen and unexpected nature and that all reasonable precautions had been adopted for securing the ground being worked. The

Geological, dated 25th November 1912.

result however shows that further precautions or modifications of the methods of work are desirable and the Government trust that the attention which is being given to this difficult question by the Inspectors of Mines and the Officers of the Mining Companies will result in greater security being attained in future.
